

MESSAGE FROM YOUR CLUB: CORONAVIRUS

OCEAN REEF CLUB®

A UNIQUE WAY OF LIFE

KEY LARGO, FLORIDA

Dear Member,

This afternoon, the Medical Center advised the Club that two people are being tested for Coronavirus in our Ocean Reef community. The Medical Center anticipates these results early next week. Both persons have agreed to the voluntary quarantine protocol including communicating with Monroe County healthcare representatives. We are not aware of anyone in the community testing positive for Coronavirus at this time and will notify you immediately should we learn that anyone in our community has tested positive for the virus.

The Club has contingency plans in place regarding Club operations and will keep you up to date on any changes to our services as the situation evolves. In addition, the Club continues to communicate closely and share best practices with the Medical Center and ORCA; who have both enacted multiple new protocols and efforts to keep our entire community healthy and safe.

Over the next few weeks, we will have Spring Break, the Easter Holiday and Passover. We estimate more than 95% of our community will be comprised of Members, Member families and their guests. Currently 86% of our conference business scheduled for March and April has postponed until later this year or next year; with the few remaining corporate groups likely to cancel within the next week.

Should you feel ill we urge you to call the Medical Center; you will not be denied access for any reason. You can also download the Baptist Health Care on Demand App, connect with the Florida Health Live Hotline (866-779-6121) and / or reach out to your doctor. The Medical Center and ORCA Public Safety, remind you that it is critical to report all symptoms you are experiencing when making that first call. This will ensure your safety, the safety of medical personnel, and the safety of the community.

Regards,

Ocean Reef Club
