

MESSAGE FROM YOUR CLUB: CORONAVIRUS

OCEAN REEF CLUB®

A UNIQUE WAY OF LIFE

KEY LARGO, FLORIDA

March 25, 2020

Dear Member,

On behalf of ORCA and Ocean Reef Club, we wanted to be sure you had this important update regarding Monroe County checkpoints scheduled to begin no later than Friday, March 27.

The Monroe County Sheriff's Office will implement southbound checkpoints at mile marker 112.5 on the Florida Keys Overseas Highway, and on State Road 905 (heading towards Key Largo from Ocean Reef).

The checkpoints will NOT affect travel to and from Miami via Card Sound Road (905A). There are NO checkpoints for Card Sound Road.

Should you need to travel into the upper Keys via 905 or the Florida Keys Overseas Highway, **Monroe County Officials have agreed to accept an Ocean Reef Membership Card as a valid form of identification.** Proof of residency also can be demonstrated with a resident reentry sticker, local identification, utility bill, deed, lease or tax bill. Those actively engaged in work will need to show a letter from their employer, employee identification, a paystub or current construction contract in the Florida Keys. Please [click here](#) for the full press release.

The checkpoints will be located on US1 mile marker 112.5 and 905 Road at Carysfort Circle (see map below).

As a reminder, should you have any visitors who have traveled domestically or overseas and have arrived at Ocean Reef in the past week, or will arrive, we urge you to ask them to self-quarantine for a 14-day period upon arriving at Ocean Reef.

Stay safe,

Alex Tonarelli
Ocean Reef Club President

Chip Iglesias
ORCA President
