If one lives long enough
What wonders we can see
Currently living through a pandemic
Is the strangest time for me

I’ve been through childhood
school, marriage and childbirth
I’ve seen world wonders and
Sickness and poverty on this earth

Not being social feels very strange
In Fear of touching anyone
Is beyond my needy range
I reach, stop, surprised by what I might’ve done

Missing, family, friends and others
Is so weird, sad and blue
Happy for Facebook, internet,
Prime, TV and Netflix too

Picture OR’s Chapel’s steeple
Understand the need to pray
No kisses, hugs or shaking hands
Has shaken up each day

Will the world be the same
Will people Never forget
Can we remember not to blame
Can we live with no regret

-Mary Zwirn

TURKEY POINT SIREN TEST

On Friday, June 5 at 1:00pm the quarterly test of the Turkey Point Plant’s warning siren will be conducted. It lasts about 20 minutes.
Capital Projects Underway

By Holly Houser, Ocean Reef Press Editorial Assistant

As facilities begin to slowly reopen, life at Ocean Reef is showing signs of normalcy. Construction on the Club’s major 2020-2021 projects – The Associate Parking Garage, Ocean Room renovation and Clubhouse renovation are well underway and Members have exciting developments to look forward to at The Reef over the next several months.

The Club has created a communications plan to keep Members informed throughout the duration of these major renovations. By now, you have likely had the chance to review the Club’s Capital Projects brochure that was mailed to all Members at the end of April, containing details on these projects. In a few weeks, Members will also receive the first of a monthly digital newsletter that will contain new photos, progress news and other announcements. Similar reports will continue to be published in the Ocean Reef Press and the Club’s website will be regularly updated with photos.

“While our focus over the past few months has been the safety and welfare of the Community (and will continue to be), the ability to commence these projects, as scheduled, provides a sense of stability and progress,” said Ocean Reef Club President Alex Tonarelli. “We are looking ahead to an exciting future for your Club.”

**Associate Parking Garage**
The Associate Parking Garage is scheduled to be completed by mid-November 2020. Currently, the site has been cleared and it is being prepped for construction to begin. The garage will provide an additional 400 parking spaces to be used by Associates, which will free up parking in Member areas. The playground will be relocated to the Nature Center area in mid-July and the basketball court will be replaced in the late Fall.

**Ocean Room Renovation**
The Ocean Room and Inn Lobby renovation is projected to be completed by late November 2020. In the meantime, all Front Desk operations, Bellstand and Transportation have been relocated to Carysfort Hall and breakfast items are available daily at Reef Hut. The Gift Shop remains in its original location next to the Inn Lobby and is open daily from 7 a.m. to 5 p.m.

**Clubhouse Renovation**
The Clubhouse renovation project has commenced with a planned completion date of November 2021. You may have already noticed that Golf operations and the Golf Shop have relocated to the practice putting green for the duration of construction. The Golf Shop is open daily from 7:30 a.m. to 5:30 p.m.

You can view the Capital Projects brochure online by visiting oceanreef.com/ CapitalProjects and look out for future communications through the monthly digital newsletter and in the Ocean Reef Press.

| PROJECT TIMELINE |
|------------------|----------------|
| **Project Start Date** | **Completion Date** |
| Associate Parking Garage | 04/01/2020 | 11/11/2020 |
| Ocean Room Renovation | 04/20/2020 | 11/01/2020 |
| Clubhouse Renovation | 05/04/2020 | 11/01/2021 |

Club Update

Over the past two weeks, there have been several much-anticipated limited re-openings at the Club, all executed carefully and in accordance with the Monroe County Emergency Management directives and the State of Florida Governor’s Executive Orders. In several instances as related to capacity, the Club is taking an even more conservative approach. Also for each area re-opening, our Associates are being trained on all new protocols and guidelines to ensure safety remains the top priority.

Buccaneer Island

As illustrated on the front page of this edition, the reopening of Buccaneer Island was a welcome respite for even those with lounge chairs and pools at their own homes. Children reunited on the sand mound, parents relished the change of scenery and everyone enjoyed the return of food and beverage service.

The Inn, Marina, & Vacation Rentals

Also on June 1, The Club opened the Inn and Marina to Member reservations followed by Vacation Rentals. A conservative approach will continue to be taken with capacities at the Inn and with Vacation Rentals. The Lodging team has implemented additional protocols for cleaning and sanitation to ensure all Members feel comfortable and safe while staying at the Club.

Member Fitness Center

With the successful start of hair and nail appointments at The Spa on May 19, Member Fitness Center, Café and Retail followed on Tuesday, May 26 with limited classes beginning on Monday, June 1. Massage appointments at The Spa started on Tuesday, June 3 which means all Fitness & Spa services are back in operation. As with all of our amenities, strict guidelines are in place and appointments and capacity still reduced. Director of Fitness and Wellness, Luis Bracamonte outlines what you can expect at the Fitness Center on pg. 29.

Summer Camps

The Recreation team has been making adjustments to the Summer Camp lineup in order to provide a safe environment for all Reef kids. If all stays on course, the Club anticipates starting camps after the July 4th holiday. Look for more information to come via email in the next few weeks.

We hope to slowly continue increasing all the Club services and amenities. At the same time, we want to remain conservative and thoughtful in our approach. We remain grateful for the patience and support of all our Members.

For details on all Club operations visit oceanreefclubsir.com/coronavirus.

Ocean Reef’s Political Action Committee

Putting Ocean Reef First

As published in TORN, 5/21/2020

How can Ocean Reef homeowners and property owners make their voice heard in Monroe County, Miami-Dade County, and Tallahassee? How do we build a productive working relationship with the elected officials that weigh in on our special way of life?

One of the most powerful ways to have your voice heard by our elected officials is through the Ocean Reef Political Action Committee (ORPAC). ORPAC backs candidates who have an understanding of Ocean Reef issues without regard to a political party. This non-partisan organization puts Ocean Reef first and works to assist candidates who support the many challenges our community faces today and tomorrow.

Alan Goldstein, one of the founding fathers of our Ocean Reef community, and Teresa Holmes, the former chairperson of Ocean Reef Club, lead this group as Chairperson and Vice-Chairperson. Although ORPAC is independent of the Ocean Reef Club, Key Largo Anglers Club, and the Ocean Reef Community Association, it is supported by members of all three organizations.

This important organization has given its financial support to key political campaigns and endorsed outstanding candidates. And over the past several years, thanks in large part to ORPAC, our Ocean Reef community has made great progress building a productive working relationship with the elected officials of Monroe County and the State of Florida.

Now, as the 2020 election season begins, ORPAC is working hard to determine critical issues relevant to our community and associates. The organization is scheduling interviews with candidates and identifying those who merit our community’s support. You can count on ORPAC to make recommendations designed to help us cast a more informed ballot in the fall.

ORPAC has already been successful in backing candidates who have won their elections and gone on to assist us with critical matters such as the FPL Turkey Point Cooling Canals, Hurricane Irma repairs, permitting, cooperation with the Sheriff’s Office and Monroe County Officials, and so much more. We continue to face equally important challenges that not only impact our property values but our very quality of life in Ocean Reef.

To help protect the interests of our community, please consider donating to ORPAC. Any amount, from $100 to $1,000 will help make our voices heard.

Please make checks payable to ORPAC and send to:
Attention: Katherine Jackson
24 Dockside Lane #505
Key Largo, FL 33037

For contributions of $100 or more, please include full name, mailing address, and occupation as required by state law.
## Today’s Plan

CABIN FEVER

Joan the Shopper
finds gifts for Father’s Day (June 21) in some newly opened Ocean Reef stores

Isn’t it lovely that at Ocean Reef you can now don a mask, hop in your cart and go shopping. Any excuse will do, and Father’s Day is a good one. If your own father is in Heaven, there is your children’s father (my sons invariably need help in finding a gift and I’m happy to oblige). And if your children are themselves fathers, then the grandsons often seek your advice (the girls never do).

So here are a few suggestions for Father’s Day gifts that can be found in some of the newly opened OR shops.

**Gift Shop**… If you think of the Gift Shop as just a place to buy knick knacks, you are wrong. The store carries an interesting selection of clothes for women, children and men. Example: The men’s swim trunks are exceptional. They are made of a lightweight, quick-dry fabric and always sport an appropriate design like the sailfish (shown here)… Cigars and Ocean Reef wine are also contenders for a Father’s Day wrap, as is the new line of men’s polo shirts with an “only-in-Florida stone crab logo. And there are greeting cards. One says DAD in big letters.

**Tennis Pro Shop**… If you are shopping for a father who happens to be a tennis or pickleball player, the Tennis Pro Shop has a lot to offer. Shown on the mannequin is an excellent Lacoste shirt in navy and turquoise, that is worn with traditional white shorts (from Green) with a discreet Ocean Reef burgee. Other gift possibilities: Tervis water bottles decorated with a pickleball racquet that sports a prominent OR burgee in the center of a ball, tennis wristbands called Flag Bands that come in replicas of the flags of all nations; Maui Jim sunglasses.

**MarineMax Ship Store**… Lots of good Father’s Day gift catches here and you don’t have to be a fisherman to enjoy them. For instance – those 14 oz. YETI mugs will keep your papa’s coffee steaming on land or sea. Another YETI entry for a Father’s Day gift is the Yeti Sidekick Dry, a case that guarantees to “Keep Your Stuff 100% Dry”… There are also amazing long-sleeved super tees for fishing or just hanging out. The fabric is so lightweight that the red shirt (pictured) is comfortable on even the hottest summer days.

**Golf Shop**… While the Clubhouse is being rebuilt, the award-winning Golf Shop has been temporally relocated to an oversized trailer adjacent to the Dolphin Course. Happily, all the quality merchandise seems to have settled nicely into the new digs, so ideas for a Father’s Day gift were easy to come by… Popular with younger golfers – the new “shameless” white caps, that say ORC or REEF in big blue or black letters… If your father is more conservative, an OR tie is always a safe choice. They come in a variety of colors and are adorned with tiny Ocean Reef burgees… Or how about a best-selling traditional golf shirt from Peter Millar. Maybe the one with thin green stripes… The sale racks on the porch are also worth some browsing time.

**ADDENDUM….**

**Member Fitness Center** – Recently re-opened, this Fitness Center boutique, which features attractive, exercise clothes, is offering 40 percent off on everything currently in stock…

**Dive Shop** – In addition to booking charters for diving, snorkeling and sunset trips, this little shop on the Marina side of Fishing Village carries some interesting merchandise (e.g. swim suits, sandals, sunglasses). They are all made from recycled materials…

**Reef Gallery** – This upscale jewelry store and art gallery (located in Fishing Village) is the place to go for something really special for someone really special. The popular Ocean Reef burgees range in price from $36 for the smallest and simplest to $3,300 (14k gold with pave diamonds)…

**The Burgee Shop** – First store on the right in Fishing Village, this is everyone’s mandatory (Father’s Day pun intended) stop. Attractive, fun and very wearable clothes for men, as well as women and children. And they are most all branded with the OR burgee or Ocean Reef spelled out. There are also Tervis tumblers, beach towels and some lovely wine glasses.

**LAST WORD**: A joke told to me by a 5-year-old.

Q. Do you know when a joke becomes a Dad joke?

A. When it becomes apparent.

Shoes for Heroes

Imagine being a healthcare provider in these times of COVID. These dedicated and brave individuals who are in the thick of things every day deserve a little joy. There is a company that is showing their support to healthcare workers in an unusual way - and that is with shoes! To date that’s over 1800 pairs of shoes and counting!

Charleston Shoe Company is a footwear brand that designs functional and fashionable shoes for women. They are lightweight, travel friendly and machine washable. Charleston Shoe Company launched a BUY ONE, GIVE ONE campaign dedicated to helping the healthcare workforce. They have donated shoes to over 25 different hospitals in 10 different states. What an upbeat way to show healthcare providers they are appreciated and cared about. They recently donated shoes to all of the ladies at the Medical Center. It was a fun "time-out" for showing off new shoes that are functional for work or leisure time and machine washable.

Charleston Shoe Company is a respected and long-time vendor for the Ocean Reef Medical Center Foundation’s fundraiser, “Boutique D’ Reef”.

A partial list of the hospitals they have donated to are: Boston Medical, Bronx Montefiore, Naples Community Hospital, NY Presbyterian, Stony Brook Hospital and The Medical Center at Ocean Reef.

What a wonderful pay it forward from Charleston Shoes! If you are interested in their BUY ONE, GIVE ONE campaign to support healthcare providers everywhere, then please visit their website at: charlontshoeco.com/pages/healthcare-heroes.

Did you know there are 150+ yachts in build, 70’ - 300’, that are available for sale. Built in 16 countries from over 60 builders - there is something for everyone. Call us now to discuss your next dream yacht.

It’s Déjà Vu - All Over Again

By Rev. Dr. Bob Henley

Lawrence Peter 'Yogi' Berra was the colorful Hall of Fame catcher for the New York Yankees. His first year of play was the year I took my first breath – 1946. His inimitable 'yogi-isms' often put a smile on our faces – but not now.

Like most of you, I too have been repulsed, watching the disturbing video of a white police officer in Minneapolis, kneeling on the neck of an African American citizen, George Floyd. Then, as the paramedics arrive, his almost lifeless body is rolled onto a back board. The officer walks away, the ambulance drives on, the city explodes in violence, spreading like a social virus across the country, now embroiling 41 states.

The need for restraint is also echoed there. “That whenever any form of government becomes destructive of these ends…” The failure of restraint in the exercise of power is always destructive. Failure of restraint put George Floyd in the grave.

We watched as needful, legitimate, respectful, non-violent protest descended into a total absence of responsibility in an outbreak of looting and destruction of property. Incendiary anarchists, fueled the fires of irresponsibility, and in the words of one commentator, have declared war on America.

As I write, the news reports that the Lincoln Memorial has been defaced. If ever there was a voice calling for social responsibility, it was President Lincoln.

Certain elements of our political class will call for hearings, the need for more burdensome layers of ineffective legislation, further restricting our fragile freedoms. Other elements will proclaim the need for law and order. They will cite the second amendment and our legitimate right to bear arms. In our need for self-defense, there will be another rush on gun purchases.

The two poles will pull further apart, stretching the divide toward to the breaking point. It brings to mind the sobering title of Eric Metaxas’ book, ‘If You Can Keep It,’ reminding us all of the fragile nature of our republic.

Perhaps we have forgotten one word from the opening lines of the Declaration of Independence – Creator. We have passively put the Creator on the bench, as though God is a poor right-fielder on a Little League team. We have actively pushed our Creator out of the public square, throwing off the yoke moral accountability, at every level.

The opening line of an eighteenth-century Isaac Watts hymn says, “O God, our help in ages past, our hope for years to come.” There has been another “Déjà vu – all over again,” a spiritual awakening that restores the Creator His rightful place in our hearts and in our national life.

It has happened in times past. It could happen again. It must happen again. Will you pray for it?

Above: Michael & Jacquie Cardone, Jeannie Schiavone, Linda Roberts, and Carl & Gayle Tallardy are pleased to have the Islander back open!

Top Right: The Hayward and Ernst families love being back at the Islander, saying, “We love our Associates. We missed seeing them.”

Bottom Right: Ann Lampman celebrating her 90th birthday with Betsey Skudder and the Jayne family at Harbour House! She always has a smile on her face, always has on a beautiful hat and has always been so gracious to our family and especially my kids!
- Jackie Jayne

Below: Three generations of the Kaplan and Rea families enjoyed a non-traditional, socially distanced Mother’s Day “Brunch” at the Raw Bar. Tripp Rea says, “Thanks to Club management and staff for making this possible.” Pictured: Tripp, Corinne and Cameron Rea with Steven and Linda Kaplan.
Got Fruit?
Easy donation program helps Keys community

By Alex Woodsum, Member Since 2010

Do you have fruit trees on your property with extra fruit on them or will you be out of town this summer or fall when your fruit trees are in season? Consider helping your local Keys community in this tough time by donating your extra fruit to help feed those in need. Everything from bananas to mangos and citrus is being collected weekly and transported to Burton Memorial’s food pantry in Tavernier.

Due to the impacts of Covid-19 and the extended closure of the Florida Keys, more people than ever in nearby communities are seeking out food pantries and are in need of assistance. Many Ocean Reef Members have stepped up to donate what is left in their own pantries (including Card Sound Golf Club) and on their trees as they leave for the season.

To sign up for the fruit collection program or to donate unopened frozen, dry, or canned goods, please email Alex Woodsum at alexwoodsum@gmail.com.

My skin crawls at the word lizard…but they are pretty cool when you know more. Members at The Reef have snapped photos of this technicolor dandy, the red headed agama. The most prevalent “liz” in Africa, the agama attracted pet shops - owners and hurricanes did the rest. Florida has just what it needs: warmth, sandy soil, wet season (June – Sept.) when eggs are laid. And it’s happy to spend its long 25-year life span here. Why the colors? Why is any dandy colorful? Attracting a mate (or two or three since these males have harems) and warding off predators. The more dominate the male, the more colorful. Their color combos include red, blue, yellow, green, purple, black – well, you get the idea. Females are more demure donning greens and browns. Think free mosquito controller when you see one. These insect-eaters are harmless and territorial, preferring to congregate their extended family around a rock or tree. If you have one in your neighborhood, why not give it a name? “Rainbow” - too obvious? … What about “Tie-dye” or “MGM”?!

Looking for a journey nearby this summer? The Redland area is just a short drive away up Card Sound Road. This historic area was first settled in 1898 by pioneers homesteading the land and remains today as a large farming community. Named for its iron rich red clay that covers limestone, the Redlands were challenging for the early settlers who used steam tractors and even dynamite to prepare the land for planting. After Henry Flagler’s East Coast Railway arrived in 1905, the farmers were able to send their produce throughout the country. And now, over 100 years later, we can still venture to this rich farming destination.

Depending on your interest, there are a number of fascinating sites to visit in the Redlands, but all should culminate with a stop at ‘Robert is Here’, an open air produce market featuring local and tropical fruits that began in 1959 when Robert Moehling was six years old. No trip is complete without one of their delicious tropical fruit shakes. (19200 SW 344th Street, 305-246-1592)

Our own R.F. Orchids is another worthy destination. In 1912, the property was purchased and now Robert Fuchs, the president, is the talented third generation orchid grower. Thousands of exotic orchids grow in a lushly landscaped hammock with paths to lovely greenhouses. It is open daily except for Mondays and tours are given on the weekends. (28100 SW 182nd Avenue, 305-245-4570)

Everglades National Park, a World Heritage Site that is only 29 miles away, is the largest subtropical wilderness in the United States. A drive through the park is probably the best way to visit during the wet season with short walks to marked viewing areas to view wildlife or be more adventurous and take a boat tour out of Flamingo. (40001 State Road 9336, 305-242-7700)

Cauley Square Historic Village is a ten-acre site that was a railroad depot in the early 1900’s and now is a delightful assortment of antique and specialty shops, gardens, and a tea room. (22400 Old Dixie Highway, 305-258-3543)

Michael Borek Farms supplies delicious Teena’s Pride tomatoes and other select produce to Ocean Reef Club, but they are also a wonderful destination on Saturdays throughout the summer. Our own R.F. Orchids is another worthy destination. In 1912, the property was purchased and now Robert Fuchs, the president, is the talented third generation orchid grower. Michael Borek Farms supplies delicious Teena’s Pride tomatoes and other select produce to Ocean Reef Club, but they are also a wonderful destination on Saturdays throughout the summer. A market sells herbs, lettuces, and vegetables that are mostly grown on their property or a weekly produce box can also be ordered for pick up by calling 305-322-2139 or online at nanasgreenecsa.com. (19101 SW 147th Avenue).

So if you would like to add any of these excursions to your summer calendar, please call and check the provided phone numbers for the most recent information on hours and activities. Convenient and entertaining, these nearby historic sites can add some excitement to your staycation at Ocean Reef Club.
Beauty & Self-Care from Home

Patchology is a company we are now carrying in The Spa because they make beauty and self-care at home possible with their variety of “patch” technologies. If you are missing your facials, or maybe you want to do some hand and feet care on your own at home, Patchology offers great minis that can help you do that!

Patchology was founded over 10 years ago and created with ingredients you can feel good about using on your skin. You can choose from an array of products including: lip gels, eye gels, hand and feet masks, and more. The great thing about their technology is that the mini treatments they offer allow you to pamper yourself for as little as five min or as long as your heart desires.

Some of our favorites include:

**Hydrating Lip Gels:**
Say goodbye to dry lips! This lip gel quickly moisturizes your lips with hyaluronic acid, green tea and peptides. Peptides and green tea extract soothe and provide protective antioxidants.

**Lip Service:**
A hydrating gloss and balm with aloe, honey and goji berry extract. It also contains hyaluronic acid and vitamin B3 to give you the perfect pout.

**Moodmask:**
If you do not have time for a full facial but your skin is craving moisture, this sheet mask has your back. It is packed with hyaluronic acid, honey, Hijiki algae and prickly pear. It also aids in balancing your natural H2O levels to make your skin feel refreshed and hydrated.

**Perfect Ten:**
A self-warming hand and cuticle mask with macadamia oil, shea butter and rosehip oil. Shea butter promotes healthy cell turnover and rosehip oil assists in skin elasticity. This deeply moisturizing mask locks in your natural body heat and gently rises. The rich butters and oils work together in these toasty gloves to bring your dry hands back to life!

**Best Foot Forward:**
A softening foot and heel mask with shea butter, coconut oil and Japanese cypress. This mask uses the same technology as space blankets and contains natural skin conditioners to restore your feet in only ten minutes!

**Poshpeel:**
A sixty-minute foot treatment to remove dead skin. It contains a blend of botanical extracts, glycolic, salicylic, lactic and citric acid to exfoliate and eliminate rough feet. Your feet will feel softer and brighter!

Pick up a patch today at The Spa! You can throw them in your bag or save them for a spa day at home. Beauty should be at your space.
Lakefront view.

St. Peter’s Fleet Providing Both Jobs & Hunger Relief

From early on in our COVID-19 Relief Fund work two things were clear: with the Keys closed to the visitors that fuel the economy, unemployment was through the roof and nonprofits were overwhelmed and struggling to meet the exponential increase in demand for their services. We put two and two together and saw potential to make it a win-win, putting the word out to our non-profit partners that we were seeking projects to put the unemployed back to work helping charities to meet the unprecedented need.

At the same time, food for hunger relief efforts became increasingly unavailable. I was hearing from the food pantries we work with that not only had regular donations from grocers stopped, they could not even buy what they needed to provide nutritious meals at full price. I saw article after article about how critical parts of the Keys economy, particularly the charter fishing industry already on the ropes from Hurricane Irma, were now in danger of collapsing.

That’s where the Star of the Sea (SOS) Foundation answered our call with a solution that neatly addresses all these issues called St. Peter’s Fleet, named for the patron saint of fishermen. The St. Peter’s Fleet project, which has been running as a successful pilot program and is in the process of expanding, is putting a total of 50 unemployed fishermen back to work full-time providing high quality protein to hunger relief efforts Keys-wide. The jobs include 10 captains, 29 mates and 11 to process and distribute the fish to food pantries.

"The wheels of State grind slowly and funding for the wages portion of this program has taken months from the original concept to help get these fishermen back out on the water," according to SOS Executive Director Tom Callahan. "It was only with Ocean Reef Community Foundation's support that SOS had the confidence to self-fund the pilot program that proved the concept, ensuring funding for the wages." Indeed, the project took the cooperation of so many to come together that I think of it as a bit of miracle. The Florida State Fish & Wildlife Commission has revised fishing regulations in support of this program.

Local fish houses and marinas throughout the Keys have volunteered space and help to process the fish to ensure safe handling. For the first time ever, CareerSource South Florida is hiring and funding jobs in the fishing industry and is bringing more than $1 million to the table. The fishermen are on board, happy to be fishing and helping to feed their neighbors. Strapped food programs are receiving thousands of pounds of fresh fish to feed families in need at no cost.

If a perfect storm were a good thing, it would be St. Peter’s Fleet. The project has been a collaboration on our end, too. The COVID-19 Relief funding for this project -- which is paying expenses including fuel, bait and ice for 10 boats to go out everyday -- was matched 100 percent by our Lovett-Woodsum Donor Advised Fund. Add to that all the Members who donated to our COVID-19 Relief effort and the fact that all their donations were matched by a private donor and there are more wins here than I can count.

Join us in supporting relief efforts like these for Monroe County and Homestead and have your gift matched dollar for dollar. Donate at orfound.org or mail your check made payable to Ocean Reef Community Foundation, with “COVID-19 Relief” in the memo line, to 35 Ocean Reef Drive, Ste. 148, Key Largo, FL 33037. Questions? Please email foundation@oceanreef.com.

Fishermen in the St. Peter’s Fleet program funded by the Foundation’s COVID-19 Relief Fund with match support from the Lovett-Woodsum Fund show off their daily catch to be donated to Star of the Sea Foundation hunger relief efforts.
INSIDE THIS ISSUE

RECENT CATCH

Ten year old Connor Hubbard with his first swordfish caught Thursday, May 21 aboard his family’s boat Hummingbird which was being run by Captain Trey Baumeister. The fish was caught in 1,500' straight off Ocean Reef on a rigged barracuda belly that was caught by Connor’s brother Stanley. Connor loves to fish and is enjoying his time at Ocean Reef with his family while his own state of New Mexico remains mostly locked down. Connor (10), Ryan (12) and Stanley (14) were attending school via Zoom and finished the school year Wednesday which was followed by this terrific day of fishing.

Connor shows off his swordfish upon arrival back at the A docks at Dispatch Creek

African Pompano caught by John Imbesi.

Chip Matthews holds up the 62-pound black grouper recently caught on Nauti Z.

Masked fishermen (from right) Roy Sutton, Anton Schutz, and Richard Weinstein with their successful Sunday catch.

Golf Operation Update

“The Gold Tees” by Scott Kirkwood, Director of Golf

The Golf Shop Staff is excited to be open and serving Members in their new location on the putting green! The Shop has many displays with brand new men’s merchandise, including Peter Millar, Polo, Johnnie-O, Vineyard Vines, and Holderness and Bourne. For ladies apparel, they carry brand new Peter Millar, Polo, IBKUL, and G/Fore.

In order to continue following Club policies regarding social distancing, only six Members are allowed in the Golf Shop at one time and face masks will be required while shopping. The Golf Staff looks forward to shopping with you all again.

Summer Course Maintenance

The annual golf course summer maintenance is underway and the Hammock Course is now open after its first round of aeration. The Dolphin Course will remain closed until June 21 and will reopen on Monday, June 22, at which time the Hammock Course will close for its second round of maintenance. Also please note, the Short Game Area will now follow the same aeration schedule as the Dolphin Course. See the full maintenance schedule on page 26.

Junior Golf Mini Camps

Throughout the month of June, we are happy to be offering one-hour mini camps to all our junior players.

Available Tuesdays & Saturdays:
9 – 10 a.m. • 10:30 – 11:30 a.m.
12 – 1 p.m. • 1:30 – 2:30 p.m.
3 – 4 p.m.

The camps are limited to two students per session. Registration is required. Call 305-367-5912 or book online through ForeTees.

Adjustments are being made to the regular Summer Camp lineup to ensure a safe environment for all participants. If all stays on course, the Club anticipates offering Golf Summer Camps beginning in the month of July. Look out for an email announcement this month.
Fix Your Short Game

“Swing Tip” by Derek Swoboda, Director of Instruction

Ah, the dreaded chip shot... How many times have we hit this shot thin over the green or chunky and the ball has gone nowhere? This week, we are going to help you get rid of the dreaded part of chipping and begin to love hitting these shots around the green!

Weight Distribution
On all chips and pitches, we should have our weight on our front foot (see photo 1). What this allows is for us to swing the club down and through the golf ball instead of swinging up into the ball. Contact in the short game is the most important piece of the puzzle and when you create great contact, you can control your shots more easily.

Proper Chipping Motion
When you set up to a chip shot, you are looking to have your arms and club form a “Y” to the golf ball. With your weight on your forward foot and the ball in the middle of your stance, your goal is to move the shoulders or chest in order to make the ball fly its desired direction. When we make this motion, our chest should continue to rotate toward the target on the way through the golf ball.

Drills
When you set up, you should have your right foot slightly behind you and your right heel up off the ground (see photo 2). This will promote your weight moving toward your front foot as you continue to strike down on the golf ball and generate great contact. Sign up for a short game lesson today!

The Dive Shop Reboots Reef Cleanup Program

By Holly Houser, Ocean Reef Press Editorial Assistant

The Dive Shop is open and excited to welcome Members back out to enjoy, appreciate and support the environment, after closing their doors in March due to the Coronavirus. One program they are eager to continue with the community is the Dive Against Debris Cleanups.

Two years ago, The Dive Shop at Ocean Reef joined Goal: Clean Seas Florida Keys – a program that encourages divers to remove marine debris from the ocean and report data to the Project Aware Dive Against Debris Program and National Marine Sanctuary Foundation (NMSF).

After receiving a grant from the NMSF to aid in the cleanup and restoration efforts, The Dive Shop began conducting monthly trips to collect waste in the waters surrounding Ocean Reef. Since their first trip in August 2018, more than 4,000 pounds of marine debris has been collected from reefs located in the Club’s own backyard, like Turtle Rocks and Carysfort.

“While we have worked hard to collect thousands of pounds of harmful waste over the past couple years, there is still so much more to be done,” said Jesus Gudino, The Dive Shop’s longtime general manager and co-owner with Lisa Bailey Cassidy. “We’re excited to have our doors open again and we encourage all Ocean Reef Members to become involved in the cleanups. Whether you’re a scuba diver or a snorkeler, everyone can lend a hand in helping us take action against marine debris.”

Each Wednesday for the coming months, The Dive Shop invites Members to join them in cleaning up the waters that help make Ocean Reef so special. To follow social distancing guidelines, space on the trips is limited and Members are asked to call ahead of time to secure their reservation. If you’re interested in participating or learning more, call The Dive Shop at 305-367-3051.

This group of Members, guests and Dive Shop crew collected 541 pounds of debris and close to 900 feet of fishing line during this particular Dive Against Debris trip. Pictured left to right, Jeremy Cooper, Hannish Ruseel, Dive Shop co-owner Jesus Gudino, Justin Twidt, Anthony Capone, Dive Shop co-owner Henry Hittle, Lesley Cooper, Chris Cooper.

In addition to offering debris cleanups and snorkeling and diving charter trips, The Dive Shop, located on the Marina side of the Fishing Village, carries an array of merchandise, including dive gear, clothing, and sunglasses, all made from sustainable and recycled materials. The Dive Shop is open daily from 9 a.m. to 1 p.m.

The Member Fitness Center opened its doors on Tuesday, May 26 with some changes to ensure maximum safety for all our Members and staff. These changes have proven to work very well as we continue our process of bringing back the gym to the community. It has been exciting for our entire team to welcome our Members back.

Here’s a recap of what you can expect:

**Hours of Operation:**
Monday through Saturday, 7am to 3pm

**Maximum Capacity in Main Workout Room (4th Floor):**
40 is the maximum capacity to ensure proper social distancing. At this time, we are NOT requiring reservations to use the gym, as it is highly unlikely that we will reach that number during the summer months.

**Masks:**
Not required while working out. We ask that everyone respects social distancing guidelines and avoid exercising closer than 6 feet from anyone else. Our Member Fitness Center has the space to make this easily achievable.

**Gym Group Classes:**
Eight maximum per class, reservations up to 48 hours in advance with a maximum of two individuals per Member number. Classes include cycle, yoga, bootcamp, Mat Pilates, water exercise and Silver Fit.

**Zoom Classes:**
Some classes will also be accessible via Zoom to all Members. Please see the group class Zoom weekly schedule to find the links.

**Personal Training:**
Available by appointment six days a week. Specialties include body toning, Pilates, Yoga, Golf Fitness, Fitness Therapy, Stretch Therapy, swimming and cardio strength.

**Deep Cleaning of Equipment:**
To take place Monday to Saturday at 3pm.

**Peloton Bikes:**
Can be reserved 48 hours in advance.

We hope to make more equipment available to all Members soon as we progress through this re-opening phase. If you have any questions about our current operations, would like to book a Personal Training session or reserve a spot for class please contact us at 305-367-5820.

**Masks:**
Not required while working out. We ask that everyone respects social distancing guidelines and avoid exercising closer than 6 feet from anyone else. Our Member Fitness Center has the space to make this easily achievable.

**Strength Machines:**
We request that Members do not use a strength machine if the one next to it is being used.

**Cardio Machine Availability:**
Every other machine has been unplugged to ensure social distancing.

**Strength Machines:**
We request that Members do not use a strength machine if the one next to it is being used.

**Fitness Pool Hours:**
Monday to Sunday dawn to dusk.

**Fitness Café:**
Open daily 7 – 11am.

**Cleaning and Sanitation:**
Member Fitness staff cleans throughout the day. Personal Trainers clean every object the Member being trained uses. We ask that all Members help our efforts and clean as they exercise as well. We have located several gym wipes containers and hand sanitizers in every room.

**Dumbbells and Accessories:**
Only available for use when working with a Personal Trainer. We have made some plates and barbells available. The idea is to reduce touch points.

**Dumbbells and Accessories:**

Looking Ahead at the Tennis & Games Center

The transition from our spring season to our summer season has begun with many Equity Members departing and the beginning of the arrival of our Social Members. While the pandemic took its toll on us as a Club, the Tennis & Games Center continued to be busy in a socially responsible way.

Tennis in particular is a great sport for keeping a safe social distance as it is played on a court that has a total of 6,156 square feet of space, making it fairly easy to keep the required 6 feet apart (approximately 225 square feet) from other players even while playing doubles. It is with great anticipation that we will sometime in the near future be able to reintroduce our clinic offerings back on the courts. However, when this does take place we will have to limit the number of participants per Pro so as to meet the guidelines. Look for new policies and procedures in the next edition of the Ocean Reef Press.

By early July, we anticipate running our weekly tennis and pickleball camps for kids. We will start by running our popular Kids Tennis Quickstart Camp in the mornings and will then add a Tween Tennis Camp or Kids Pickleball Camp in the afternoons. Be sure to look for the email updates to see exactly when we will be able to run these popular camps.

Last but not least, I want to remind all that the Tennis Courts and Pickleball Courts are available to be reserved for games, practices and lessons through our online booking system called ForeTees. You can also book courts by calling the Tennis Pro Shop 305-367-6583. Courts can be booked in advance for one week if you are an Equity Member and three days in advance for Social Members. The tennis courts have been the busiest from 8:30 – 10:30 in the mornings with the pickleball courts being the busiest from 4 – 6 p.m. Most all other times there are courts available for Members to book on a moment’s notice.

BRIDGE TIP

Improve Your Brain Fitness With Bridge

Players know that bridge as a mind sport encourages immersion whilst promoting focus and clear thinking, which can offer distraction from worries, alleviate stress and boost self-esteem. Bridge, as a partnership and team game, facilitates communication and the development of social connections as well as contributing to intergenerational community building.

Bridge is considered by many to be the greatest card game of all, providing immense fulfilment and enjoyment of one’s life. Bridge combines excitement, challenge and mental stimulation that enables players to stretch their thinking, which in turn is a good workout for brain fitness and healthy aging. Bridge also offers opportunities to socialize and have fun. Social connection is the number one factor (more important than diet or exercise) in terms of having a longer, healthier and more meaningful life, so the social element of bridge also helps us to age well.
The Fastest Growing Sport in the Country

by Justin Romero, Head of Racquet Sports

I recently read an article in The New York Times titled, "Is Pickleball the Perfect Pandemic Pastime?" For Members that stayed on The Reef these past few weeks, we know that the tennis and pickleball courts were packed every morning, late afternoon, and evening. We've had Members who I have never seen before purchasing pickleball equipment to play with the family and enjoy time on the courts.

Yes, it is a good form of exercise, yes it is exciting, and yes it a game that is easy to play, but it is also tough to master. There is no doubt in my mind pickleball is still the fastest growing sport.

Here is an excerpt from The New York Times article: "In recent years, the pastime's popularity has soared. According to the 2019 Pickleball Participant Report by the Sports & Fitness Industry Association, there are more than 3.3 million players in the United States, making it one of the country's fastest-growing sports.

And thanks to the pandemic, there may soon be many new 'picklers,' as obsessives proudly call themselves. In driveways and rooftops across the country, players are setting up makeshift courts, using temporary paint or chalk to draw lines and making nets out of whatever items are available, and getting everyone in their households to join in on the fun.

The talk-show host Ellen DeGeneres recently said she was having a hard time walking by Justin Romero, Head of Racquet Sports

because she was playing so much.

To parents desperate for new ways to entertain children (or themselves), pickleball can be a godsend. 'It’s a multigenerational game, so you can play with your kids, and grandparents can play with their grandkids.'"

ORC Pickleball Camps & Lessons

As of now at ORC, we are having a Kids Pickleball Camp that will run Monday, July 13 to Friday, July 17 from 9 am to 1 pm.

Pickleball lessons are also available seven days a week. To sign up for the Pickleball Camp, contact the Camp Concierge at 305-367-6516. To sign up for pickleball lessons with one of our certified pickleball professionals, contact the Tennis Pro Shop at 305-367-6583.

Pickleball really is a sport for all ages! Pictured is Elizabeth Kinney, Jake and Caitlin Foley, and their daughter River.
