

CLUB OPERATIONS UPDATE

OCEAN REEF CLUB®

A UNIQUE WAY OF LIFE

July 8, 2020

Dear Members,

Just a quick note to thank all of you for cooperating with the Ocean Reef Club staff who have been taking your temperatures at the Front Gate, Marina and Airport.

This has worked wonderfully (with only a couple of Members registering temperatures above 100.4F), and no delays upon entering the Club!

You will continue to see our Associates from Membership and various Club departments supporting the effort and taking temperatures at all of our entrance points for as long as deemed necessary.

Thanks again for your continued assistance in keeping our Club safe!

Best Regards for a Healthy and Happy Summer,

Alex Tonarelli
Ocean Reef Club President
