Dear Member,

Please note, The Medical Center has received two updates today. One of the pending results has been confirmed POSITIVE. The Medical Center has provided the Member with quarantine protocols. In addition, the Member has been instructed to contact those individuals who they may have been in contact with. The Department of Health, Monroe County will be overseeing contact tracing. The other is NEGATIVE. The tracking grid has been updated accordingly. We continue to experience significant delays in result turn-a-round times. Nine days is the average time for a result to be returned.
