Dear Member,

The Medical Center has received late notification of pending results. The tracking grid has been updated accordingly. For the purposes of clarification; we have added an additional bullet under the grid describing the variance between Positive Lab Results and those confirmed by the State. At this time, self-tests are not reported to nor confirmed by the State.

In addition, Baptist Health in collaboration with ONE BLOOD has asked to share the following message. Please share with family and friends alike:

"We are actively reaching out for recovered COVID-19 patients to donate convalescent plasma. If you know anyone who wants to donate please have them go to [www.oneblood.org](http://www.oneblood.org) and fill out the necessary forms on the convalescent plasma page. Appointments are being set up at our South Miami Facility, 12601 SW 125 Avenue (exit 19 off the Turnpike)"

COVID-19 Dashboard as of: 07/17/20 4:00PM

Total

	Total
Pending Lab Results	9
Negative Lab Results	29
Positive Lab Results	9
Confirmed by Dept. of Health	8

*All positive tests must be confirmed by the Dept. of Health*

*The Florida Department of Health/Monroe County has confirmed four previous positives have successfully completed their respective quarantine period and the new positive is under quarantine.*

*Discrepancies between Positive Lab Results and those Confirmed by the Department of Health may occur when Positive Results originate from outside testing solutions.*

Thank you,
