

COVID-19 PROTOCOL AMENDMENTS

As of Thursday, April 1, amendments approved by the Ocean Reef Club Board of Directors to the Club's Covid-19 protocols were enacted. Having closely monitored the decreasing Monroe County Covid-19 case numbers, and with the vaccine more widely available, the Board agreed that moderate changes could be implemented while still maintaining the health and safety of Members and their families. "These efforts, while not dramatic in nature, should help us get closer to the normal, unique way of life that we all enjoy at Ocean Reef," said Mr. Manzo, Board Chairman, adding, "we will continue to monitor all amenities and facilities, making additional modifications wherever and whenever it is safe to do so."

AS OF THURSDAY, APRIL 1, MEMBERS MAY EXPECT THE FOLLOWING:

- Beach Bar stools open and walk up service will remain available

In accordance with the Monroe County Ordinance on facial coverings in businesses, **MASKS ARE STILL REQUIRED INDOORS AT ALL CLUB FACILITIES AND OUTDOORS WHEN SOCIAL DISTANCING CANNOT BE OBSERVED.** Since the onset of the pandemic, the Club has followed the guidance of the CDC, adhered to all State and County mandates and worked closely with the Medical Center.

Ocean Reef Club President Alex Tonarelli said, "It is the Board and Management Team's goal to continue to maintain a safe and comfortable environment for all Members and Associates while also allowing some of our normal practices to be reinstated."
