

What is Aeration Anyway?

By Eric Bennett,
Director of Agronomy

Over the summer months, as Members travel through the Front Gate, they often ask why one of the golf courses is brown. Our answer – aeration. But what does that actually mean?

Aeration is what we call a necessary evil. Golfers dislike aeration because it makes for less than desirable playing conditions. Golf Course Superintendents dislike aeration due to the high potential of damaging turf. We all love to see our courses in wonderful shape with vast arrays of green lush turfgrass and our putting surfaces firm, fast and true. However, in order to achieve the excellent playing conditions our Members are accustomed to, the soil has to be cultivated on a regular basis. During the summer months, our Golf Course Maintenance Team works diligently in extreme weather conditions to ensure that during the cooler months, playing conditions are ideal for the enjoyment of our Members.

How does aeration translate into excellence? In truth, core aeration is only a small part of the cultivation practices we have in place for our summer programs. Vertical mowing, fraze mowing, dry-jetting, scalp mowing, and top-dressing are all extraordinarily important as well.

Core aeration is the process of removing cores from the playing surface at a depth that breaks through the stain layer. Stain

Emergency Call Boxes Installed on Buccaneer Island

By Holly Houser,
Ocean Reef Press Manager

Last month, the Club made efforts to make Buccaneer Island an even safer place for Members and their families to enjoy.

Previously, a handheld phone located by the Pool Desk was used in the case of an emergency. In an effort to create greater widespread communication across Buccaneer Island, that phone has since been removed and replaced with five brand new emergency call boxes designated throughout the pool and beach areas.

These new boxes are an increasingly more reliable and accessible resource when faced with an emergency. They run on multiple cell service bands, are monitored 24/7 with a live emergency services dispatcher, and have a backup battery built in.

Whenever help is needed, the requester will push the button in the middle of the

One of five emergency call boxes stationed on Buccaneer Island.

box, located under "PUSH TO CALL", and emergency services will be contacted immediately. Once the button is pushed and the emergency phone is activated, detailed location information will be relayed to Public Safety so EMS knows the exact location to respond to the emergency.

You can find emergency call boxes installed in the following locations:

1. Pool Desk
2. Snapper Pool by ice machine
3. The Point
4. Beach Activities Hut
5. Marlin Beach by ice machine

Emergency call boxes have been distributed throughout Buccaneer Island to make accessing one from any location easier in the case of an emergency.

Golf Cart Safety & Fire Prevention

By Holly Houser,
Ocean Reef Press Manager

The 2020 Census reported more than 3,900 golf carts at Ocean Reef and there's no question why carts are Members' favorite mode of Club transportation. Nevertheless, following a recent golf cart fire at The Reef, the Ocean Reef Press spoke with the Club's experts – Israel Salgado, Director of Cart Repair, Solid Waste & Service Station, and Brian Horne, Cart Repair & Cart Sales Manager – to find out what steps Members can take to prevent future incidents.

What causes a golf cart fire?

- The most common cause of a golf cart fire is improper battery maintenance and corrosion between battery terminals and cable connectors.
- Another cause is charging carts in an area without ventilation. The fumes emitted by the battery when charging are flammable and

when ventilation is not available, any spark can ignite a flame.

What preventative measures can be taken to avoid cart induced fires?

- Check often to ensure all cables and connectors are clean and tight, and frequently apply a thin coating of non-metallic grease or protective spray to ward off corrosion. These products are available for purchase at Cart Repair, or if you bring your cart in for maintenance, the Team can apply the products for you.
- Frayed or worn-out cable connectors should be replaced.
- Follow the cart manufacturer's charging recommendations and use the charger provided by the manufacturer.
- Charging your golf cart in a well-ventilated area. If you're charging your cart in a cart room or garage, open a door or window to allow more air flow. Otherwise, charge the cart outside.
- Maintain the health of your golf cart batteries through proper care.

What can Members do to maintain the health and longevity of their golf cart batteries?

- Charge your cart overnight, even if it was only used for a few minutes. Most golf carts are equipped with an automatic shut-off feature that will stop the charging once the batteries are fully charged, so you shouldn't have to worry about letting the cart charge too long.
- Water your batteries, check water levels regularly, and refill when needed. If you are unsure how to do this, stop by Cart Repair for a complimentary battery and tire check.
- Generally, water must be added to golf cart batteries about every 30 days. This is governed by the amount of use a golf cart receives, its charging practices, and the amount of heat exposure. Remove vent caps, located below the seat of the golf cart, at least every few weeks to check and see if batteries are in need of water.
- Only fill golf cart batteries with distilled water following a charge and do not over fill. A ring around the neck of the battery cell indicates water limit. You can also ask Cart Repair about adding a battery care system to make

water filling easy and safe.

What signs indicate a golf cart may be in need of maintenance?

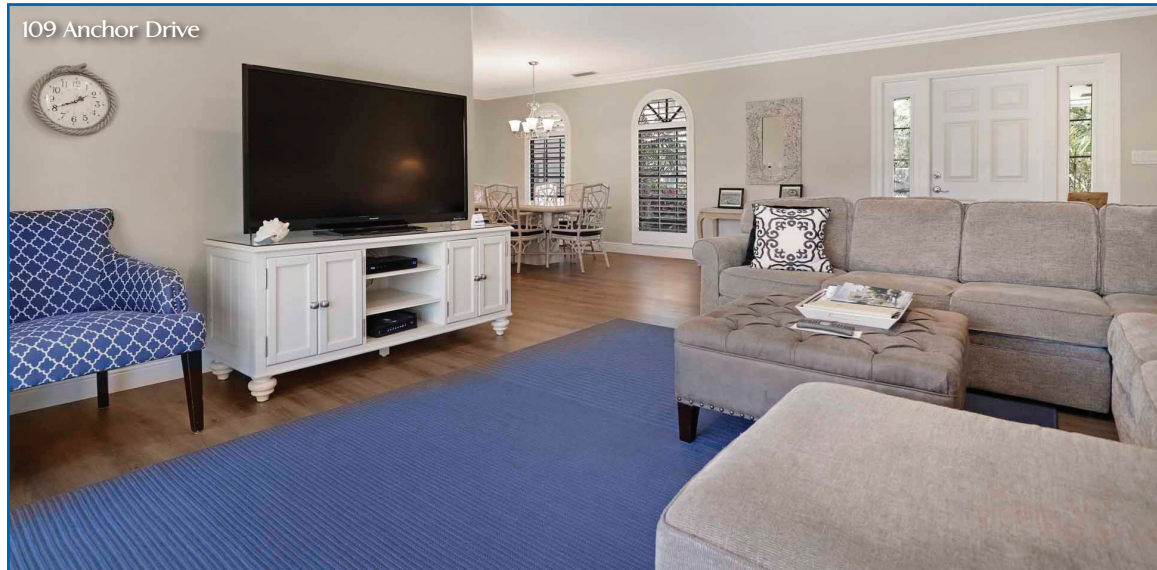

- If your cart's battery is not holding a charge or the cart is not reaching the speed it should, it's time to take it to Cart Repair for an evaluation.

If a Member is leaving their cart for an extended period of time, what should they do?

- Charge the cart fully the night before leaving and then unplug the cable from both the cart and the home/charging station.
- Switch the golf cart out of "run" mode and into "tow" mode.
- Check water levels in the batteries and fill with distilled water if needed.
- If able, have someone check on the golf cart periodically until the Member's return.

If you have any additional questions, reach out to Cart Repair at 305-367-7658. Their office is open Monday through Friday from 8am-4:30pm and Saturday from 8am-4pm.

The Fourth of July – Solemn Gladness

by Rev. Dr.
Bob Henley

In conversation with a British friend, I once asked, rather lamely, "Do you have the fourth of July in England?" With English sensibility and typical wit, he replied, "No, we go straight from the third to the fifth!"

Nothing captures the spirit of Americana quite like our Independence Day Celebration on the Fourth of July. This national holiday commemorates the passage of the Declaration of Independence by the Second Continental Congress on July 4, 1776.

Memories of the holiday recall fun-filled outings and parades lining the streets, all set to the sounds of John Philip Sousa's "Stars and Stripes Forever."

However, the bright sound and brash optimism of Sousa's march seem out of sync on this, our nation's 246th anniversary. The reasons seem obvious.

We are embroiled in bitter civic strife, seemingly having forgotten, or deliberately ignoring, the brilliance of our founders. They wisely established a principle of government, a system of check and balance, under which separate branches are empowered to limit actions by other branches and are induced to share power.

We are a nation with a track record of innovation and determination, accustomed to abundance and prosperity. Yet we are facing the once unthinkable reality of shortages, and the rise of debilitating inflation not experienced in

almost four decades.

The backbone of our nation, our educational system, has become polarized and politicized. School names, many of which once recalled prominent leaders from the past, now remind us of places where evil has destroyed precious lives, leaving death and grief in its wake.

The preamble to our Constitution aspires toward the goal of forming a "more perfect Union," which will "establish Justice, (and) insure domestic Tranquility...."

Yet the present state of our union has devolved into a kind of civil war, with red and blue camps hurling invective like canon fire, labeling those whose views differ from their own as 'terrorists' and 'threats to our democracy.'

If I were to choose music appropriate to our national celebration this year, it would be Aaron Copeland's stirring work, "Fanfare for the Common Man." Composed in the early years of World War II, the opening bars of the score, the French horns and tympani, resonate with a sense of solemn gladness.

Solemnity seems an appropriate word to capture the emotional reality of our present moment. And gladness, a complex word, like well-aged wine, has hints and deep undertones and colors associated with joy.

We are all familiar with the unstated rule of cocktail parties. Two topics are always unwelcome – politics and religion. Perhaps it's a sane rule, like not drinking and driving. Over-imbibing never seems to bring out the best in anyone!

Please forgive me in advance for comparing Ocean Reef to a 'petri dish.' But please hear me out.

Can you imagine a better community anywhere than Ocean Reef, where civic discourse could take place, in a rational and respectful context? What form, what forum might be created in which divergent views could be exchanged, and

consequences considered, as a deeply needed and positive, contagious model? Something to think about?

Now, at the heart of Ocean Reef, stands the new Chapel and Fellowship Center. This is a place where the solemn gladness of rich, historic Christian and Jewish faith, is expressed and experienced on a weekly basis. Religious conversation is welcomed here!

On this 246th celebration of our Independence, it is good to be reminded that the founders of our nation shared a common belief upon which our nation was founded. It is captured in the words of a Psalm, "Blessed is the nation whose God is the Lord."

We invite you to join us, this **Sunday, July 3**, at 10 a.m., in the sanctuary of the chapel, for a worship celebration full of solemn gladness.

You don't have to be dressed up to be welcomed! Come as you are, and join us as we give thanks to God for our nation, and together acknowledge our need of, and dependence upon our God, as the ultimate source of confident hope for our future.

We Mourn the Loss

Marta Moreno

"The Lord is my shepherd, I lack nothing. He makes me lie down in green pastures, he leads me beside quiet waters, he refreshes my soul. He guides me along the right paths for his name's sake. Even though I walk through the darkest valley, I will fear no evil, for you are with me."

It is with great sorrow that we announce the passing of Marta Moreno. Born in Bogota, Colombia, she married the love of her life, Bernardo Moreno, with whom she shared 61 years of marriage until his passing in 2013. She leaves behind seven happily married children, 21 grandchildren, and 7 great grandchildren. She loved her ever growing family with all her heart and guided all of them until she took her last breath.

She immigrated legally to South Florida in 1971 with her seven children in tow, and used her vast intellect, boundless energy, and unwavering determination to become one of South Florida's most successful real estate professionals. She loved America, a country that welcomed her entire family with open arms, gave them all so much opportunity, and she never forgot how special a place it is and never took it for granted. She believed deeply in the American ideal of endless possibility.

She first came to Ocean Reef Club in 1975, becoming an Equity Member in 1994. It was

her "paradise" and a place she adored.

She lived a life well lived, making a difference to so many, and believed that you are richer by your good deeds than from any other measure. Her faith in God and the Catholic Church was paramount to her signature courage, confidence, and optimism. She will always be in her family's hearts, guiding them, teaching them, setting a high bar, and challenging them to always do their best and make a difference.

She left this world the way she always lived, surrounded by true love, prayer, and, of course, holding true to her personal mantra of "no fear."

In lieu of flowers, please send your donations to Holy Cross Health in memory of Marta Moreno to benefit the Mangurian Women's Center, or donate online at holycrossdonations.com.

Member since 1988.

We Mourn the Loss

William Frederick Peel Jr.

William "Bill" Peel, Jr, of Key Largo, passed away peacefully on May 26 at the age of 89. Bill was born December 24, 1932, the only child to William Frederick and Eleanor Downs Peel. He is survived by his wife Barbara, their four children: Billy (Jennifer), Vicki (Mack), Kathy (George) and Scott (Denise), 12 grandchildren and 8 great grandchildren. Those preceding him in death include Teri Peel, his daughter in law, and John Brahtz, his cousin.

Mr. Peel attended American University and spent his Navy career training pilots how to survive water landings and was on the Navy swim team.

Bill and Barbara founded Red Coats, Inc. in 1960 and worked

tirelessly during the last 62 years to cultivate and expand family businesses. Starting with the two of them working from their kitchen table, they grew the businesses to be one of the largest employers in the Washington Metropolitan area with more than ten thousand employees working in more than a dozen states.

He was a true entrepreneur and business professional, but most importantly he was a devoted family man, a mentor, and a friend to all. He will be dearly missed.

Member since 1999.

ORPAC Voting Recommendations

By Teresa Holmes & Alan Goldstein, ORPAC Co-Chairs

This is a lot of information to get through...thanking you in advance for your time. Your vote is important.

With your help, the Ocean Reef Political Action Committee (ORPAC) has made great strides in having our voice heard throughout the Keys over the last 30 plus years on issues that matter to our Ocean Reef community. While the focus remains on maintaining good relationships with our Monroe County elected officials, our attention has expanded to include a broader Miami Dade County and state-wide approach as we address large issues affecting our community. Card Sound Road safety and the environmental impact of a proposed Homestead Air Reserve Base civil air expansion are just two examples. With that

said, we are fast approaching the 2022 election cycle primaries.

In Monroe County, three incumbent County Commissioners -- Michelle Coldiron, David Rice, and Jim Scholl -- were recently elected without opposition as the final day for candidates to qualify passed, and officials who ran unopposed were declared winners. Commissioner Holly Raschein will face fellow Republican Jose Peixoto in the August primary. Governor DeSantis appointed Raschein last fall following the death of County Commissioner Mike Forster. We strongly recommend you cast your vote for Raschein. Along with sitting Commissioner Craig Cates, these five make up a strong, capable team for our County. Non-partisan races, such as MC School Board, will be decided in the Primary and, if needed,

a run-off election for those sets would be held Nov. 8.

As a result of the once a decade redistricting process, our State Senator Ana Maria Rodriguez was also up for re-election and was elected without opposition.

In Miami-Dade, Micky Steinberg was elected without opposition to fill the District 4 seat which covers 13 coastal cities including Miami Beach. She takes that seat in November. For our Members who reside and vote in Miami-Dade, it is critically important that you support candidates who promote policies that positively impact our community. You'll find our strong recommendations below.

Important!! Please keep in mind that our Precinct 33 polling location was recently changed by Monroe County Supervisor of Elections, The Honorable Joyce Griffin, from The Academy at Ocean Reef to **the Florida Keys Community College, 106040 Overseas Highway, Key Largo**. The change was made without any communication to anyone at Ocean Reef prior to the decision. A number of us have reached out to Ms. Griffin. No promises can be made at this time—but we'll do all we can to try and reverse the decision by the 2024 voting cycle.

The last day to register to vote in Monroe County before Primary elections is July 25, 8 a.m. – 5 p.m. If you are not able to vote in person for either the August 23 primary or the November 8 election, and plan to do so

by Mail-In Ballot, note the deadline to request that vote-by-mail ballot be mailed to you is no later than 5 p.m. on the 10th day before the election. That means August 13 for the Primaries. I suggest you do it now to allow yourself plenty of time. We'll get the sample Monroe County ballot to you once published, late July.

You can call the Monroe County Supervisor of Elections office at 305-292-3416, email info@keys-elections.org, or make your request online at keys-elections.org. If you make the request online, you may be asked to print, sign and mail them an Affidavit verifying your request of address. Follow up with a phone call to see if they can waive the need for the signed Affidavit. If you have made a prior request to the same non-Florida address, they may be able to do it. Your mail-in ballot must be received by the Supervisor of Elections' Office no later than 7 p.m. on Election Day.

For those members voting in the Miami Dade County elections, the Primary and General Election dates remain the same, 8/23 and 11/8 respectively. Go to "Voter Registration – Miami Dade County" in your search engine. There you will see options to find your polling location, request Mail-in ballot, etc. The Elections Office phone number is 305-499-8683 or email register@miamidade.gov.

If you have any questions, please email **Teresa Holmes**, srateresa@aol.com, or call 305-394-2692.

As we celebrate our nation's freedom,
we honor the courageous Men and Women
dedicated to preserving it.

HAPPY BIRTHDAY AMERICA!

Foundation 2022 Grants Presentation Celebration

It was a particular joy for the Ocean Reef Community Foundation Board, Grants Committee and staff members to welcome the Community Grant recipients back to our traditional annual Grants Presentation Celebration for the first time since 2019. It was our first chance to see our nonprofit partners in-person, and for many of them to see each other, since the start of the pandemic so it was an especially festive event! Our heartfelt appreciation goes out to the more than 120 representatives of 70+ nonprofit organizations serving the Upper Keys, Homestead and Florida City who came from headquarters as far as Key West and Collier County to Ocean Reef Club to celebrate together. And there was much

Arsht Center Foundation

to celebrate this year as things began to return to normal and grants reached a new record total of \$1.74 million thanks to the Ocean Reef community's generous support of the All Charities effort. Keep an eye out on the ORP to follow the progress of the projects funded as these worthy organizations and passionate individuals continue to change lives in our surrounding communities. See the complete list of 2022 Community Grants at www.oceanreefcommunityfoundation.org.

NEWS FROM THE MEDICAL CENTER

Medical Center Summer Services

If you are looking ahead for available specialists coming to the Medical Center over the summer months, please check the calendar under the visiting physician tab at www.mcor.org. Various specialists will continue to provide services throughout the summer.

The Sports Medicine and Physical Therapy Department is available during the summer months on Monday-Wednesday-Friday from 8 a.m. to 4 p.m. for any orthopedic or post-operative needs.

"The Physical Therapy Department wishes our Ocean

Reef patients a healthy and safe summer," says Miguel Gonzalez ATC, PTA, CSCS, CKTP, Department of Physical Therapy and Sports Medicine. "Remember your HEP (home exercise program) and don't forget balance. Stay active and hydrated during the summer months. We encourage you

to take an active role in your health and well-being."

As always, the Medical Center's excellent primary care providers are here all summer to serve the needs of Ocean Reef. Summer hours are Monday through Saturday 8 a.m. to 4 p.m. If you are new to Ocean Reef and the Medical Center,

we encourage you to pre-register at the Medical Center. On the home page of the website, in blue, is a "MCOR patient registration form." You'll also find a listing of services and upcoming seasonal events, such as our popular Medical Lecture Series and yearly fundraising events. If you would like a tour of the Medical Center please contact Keith Young, CEO, or Jennifer Rigby at 305-367-2600.

Visit us on the web at www.mcor.org.

Your support of the All Charities Weekend strengthens entities, like the Medical Center, that enhance Ocean Reef Club's Unique Way of Life and enables the Ocean Reef Community Foundation to provide for thousands in Key Largo, Homestead and Florida City. Call 305-367- 5996 to learn more.

A THANK YOU TO THE MEDICAL CENTER

Dear Ocean Reef Members,

Do you know how lucky we are to have the Medical Center at our doorstep?

Anybody who knows me knows that what is in my head is on my lips. Last week, I had a serious problem and could not reach the visiting doctor who had previously seen me. I was beside myself and went to talk to Keith, Angela and Natalie. They quickly got the ball rolling and the doctor called me that night.

I thank you all for my great care and thank you for being there for all of us.

Helen Stein
Member since 1982

VISITING SPECIALIST SCHEDULE

Please bring your identification and insurance cards to each visiting specialist appointment. They bill separately from the Medical Center. To schedule with a visiting dermatologist, please call their office directly. For all other specialists, please call 305-367-6702.

July 4, 1922 – Our Own 100-Year-Old Firecracker Baby

by Mary
Brady

Born in 1922, Doreen Adrienne McConnell was the eldest of 3 girls. Her dad was Navy Vice Admiral Robert P. McConnell, and her mom, Mildred, a devoted dog lover. Over the years, Doreen and her family moved many times, even to the Philippines for a short stint before the war broke out in 1940.

Doreen Johnson at her Ocean Reef home.

In 1938 with her mom and two sisters, 16-year-old Doreen made a boat trip with a friend, Chet Cross, from Palm Island to Angler's Club.

Doreen met Edward Beverly Johnson, Jr., Captain in the United States Navy, when he pulled up at her house in a baby blue Ford convertible with his buddy, who had a date with Doreen's sister Millie.

The buddy needed a ride from Ed, and Ed was eager to accommodate. Doreen took one look at the car, and she asked Ed to take her for "a spin." Ever the accommodating gentleman, Ed obliged, and within that "spin" a lifelong love affair was born.

After their marriage in 1944, the travel began. The Johnsons lived in a Quonset hut in Annapolis, Maryland, Florida, Rhode Island, Virginia, Whidbey Island, Guam, Okinawa, Alabama, Ohio, to name a few.

Doreen (right) with her mom and sisters at Anglers Club.

Doreen and Ed Johnson.

How did the Johnsons come to Ocean Reef?

Many years later in 1985, Ed and Doreen were coming back from the Bahamas in their 39 ft. boat when they passed Ocean Reef. They stopped off to see about this enchanted island, fell in love once again, and decided to buy a home. They settled on the little house at 1 Country Club Road, and Doreen has remained there ever since, which was 37 years ago. Her beloved husband, Ed, died October 27, 2015.

Along the way, they had three children. **Beverly** was born in 1947, and was an adventurer and a much-celebrated female rock climber. She was the first woman to solo climb notorious El Capitan's vertical face, which took 10 days in 1980. She was the foremost woman climber in the United States. Tragically, she was killed in 1994 in a helicopter crash during a ski trip in Nevada.

Ted was born in 1949 in Minneapolis, Minnesota, and is married to his lovely wife,

Chris Rifenburgh. Avid boaters Ted, Randy and their dad had many adventures. Chris and Ted have 3 children Brett, Casey and Carly and live in Virginia.

Many years later in 1963, Robert Andrew Johnson, nicknamed **Randy** joined the family. Randy is now retired from a construction company in Arlington, Virginia. Randy and his wife, Gwen split their time between Virginia and Florida.

Looking back on the last 100 years, I asked Doreen if she had any regrets. She replied, "I can't think of any. I have had a great life. I am lucky to have found the right guy, had a lovely family with 3 grandkids to boot, and we played tennis, golf, skied, boated, played bridge, and sure traveled a lot."

And as for her upcoming birthday, she said, "I think my family has something planned for my 100th birthday on July 4, 2022, but I believe it is a secret! I love a good surprise!"

26 Dockside Ln, Key Largo, FL 33037

Good Morning, Franco!

by Jody Steele

Breakfast at the Ocean Room has been a delicious tradition for years at The Reef. One special spot is the omelet station where you most likely have met Francisco Bonet, known as Franco. He makes the morning happen for Members.

Franco has been at Ocean Reef Club for 33 years, and most of those years he has been making omelets and waffles with a smile. Along with his expertise of creating a legendary omelet, Franco "dishes" out the friendliest greeting to "kids" of all ages. His enthusiasm for being part of Ocean Reef Club

is palpable. He has known us for so long that he has watched couples marry, babies grow up, and been part of endless celebrations. Franco considers this his other home where he is part of an enormous family. His joy is to welcome Members back year after year and also prepare their favorite omelet.

So what are Franco's secrets in regard to those wonderful omelets? First of all, he uses the best real eggs and can use any number you want...from a "baby omelet" with one egg to a hearty omelet, with three or more. The ingredients are up to the customer with vegetables being popular, egg whites only for some, and the "works" also a good choice. He always puts the cover on to let the omelet steam a bit, too. Then it is moist and beautifully puffy. Definitely Franco's, work of art!

Franco is dedicated to the Ocean Room team. The Ocean Room Sous Chef, Michael Meadows, shared that working with Franco is a joy as he sees

Franco Bonet, omelet extraordinaire.

him make people happy on a daily basis and always considers customer service a top priority. Of course, he also compliments Franco on his traditional omelet recipe.

So next time you crave a perfect breakfast, cart over to the Ocean Room and greet Franco who will start off your day with the best omelet ever.

Thank you, Franco for being part of our special place.

TAKE PART IN OUR AFFILIATE CLUB PROGRAM

Ocean Reef Club has affiliation with 30 private clubs within the US and internationally. As a Member of Ocean Reef Club, you are given the opportunity to enjoy the experience of visiting these distinguished clubs. Ocean Reef Club Members now have the ability to request a Letter of Introduction from the ORC website. Simply visit oceanreef.com/AffiliateClubs and select "Click here for a Letter of Introduction."

For more details or questions regarding our Affiliate Club Program, please contact the Membership Office at 305-367-5921 or membership@oceanreef.com.

THE ACADEMY AT OCEAN REEF

The Academy Wraps up Ocean Guardian Program

By Valerie Gabriel & Ozzy McGee,
Academy Students

The Academy is very proud to be ending our fifth year of being a Florida Keys National Marine Sanctuary Ocean Guardian school. This year we have worked hard to continue our projects on making the world a better place by trying our best to reduce trash and collect ocean debris. Trash in the ocean can be harmful to animals. Respect is one of our Academy values and we show respect for the environment by keeping it clean.

Dylan Johnson, Teddy Davies, Reilly Johnson, Jack Sperling and Mr. Jackson.

This year we distributed 13 monofilament containers for collecting and recycling fishing line, four of them are being used at Ocean Reef Club to help keep trash out of the ocean.

Keeping our ocean clean can be fun! You can make art out of lots of things people may normally throw away. This year we made art out of almost 25lbs of recycled paper and cardboard.

Recently, a sperm whale was brought to a marina after being found stranded and dying off the Florida Keys. It starved because its stomach was filled with plastic and fishing gear. Also, a second baby whale washed up off Key Largo dead. This is why it's important to keep the ocean clean and safe for wildlife. On May 27th, we did a coastal cleanup off Buccaneer Island

Josh Lyons.

and removed 819 pieces of trash out of the ocean.

In our Science class we created a 47ft model sperm whale. The same length as the one we mentioned earlier. The fishing line in the model was collected from one of our monofilament bins. This is an example of how trash can harm the ocean and its marine life. This is why we are Ocean Guardians.

Never a better time to own at Ocean Reef!

WATERWORKS....

If you are at Ocean Reef this summer, there are so many ways you can enjoy being surrounded by water. There's boating, fishing, snorkeling, scuba diving, paddleboarding, kayaking, swimming. And my favorite – just savoring the glorious views of a sunrise or a sunset over the ocean or one of the innumerable canals, creeks, lakes and ponds that abound at our peninsular Ocean Reef Club. In the Fishing Village there are three stores – Orvis, *Dive Shop* and the *MarineMax Ship Store* – that specialize in making you safe and comfortable in any way that water works for you. **ORVIS** – If you mistakenly thought your fishing clothes have to be drab (so as not to scare the fish?), then check out the "beauty and the bonefish" print top that is worn by the lady angler pictured here. Her fish is a nice catch, but no competition for her eye-catching Orvis quarter-zip shirt (\$89).... Also at Orvis: a variety of their ever-popular *Open Air Caster Fishing Shirts* for men and women. (\$98).... **DIVE SHOP** – Whether you want to go deep (scuba diving) or shallow (snorkeling) or just sun bathing (me), this Fishing Village store carries all the approved equipment, as well as attractive sea-worthy apparel.... They have my

all-time-favorite swimsuit. A simple tank that comes in 2 designs – sharks on an ocean blue background and dolphins on aquamarine (\$100).... **SHIP STORE** (*MarineMax*) – For many years *MarineMax* at Ocean Reef has been the place where OR anglers could find everything for a fishing excursion, including the ice and beer. In recent years this venue has expanded to include an impressive retail Ship Store for outdoor and on-the-water clothes for the whole family.... Wonderful short shorts from Roxy. Not for dinner at Gianni but perfect for an onboard fish fry. I also liked the *Folly Crew* sweatshirt from HOK (\$60). Just right for a cool or air-conditioned evening.... Don't miss the Ship Store's big selection of nifty thong and slip-on boat shoes from *Koula* (\$100).... **LAST WORD** Confucius say – "A man of wisdom delights in water." I say – "So does a woman." by Joan Birsh

Ginger Knapp Ringdahl Welcomes Twins to the Family

Taylor and Shane Odell are happy to announce the birth of their twin boys on Father's Day, June 19th. Taylor is the daughter of Joana and Larry Knapp and the granddaughter of Ginger Knapp Ringdahl. Congratulations to all!

Mr. and Mrs. Michael O'Daniel have the pleasure of announcing the marriage of their daughter, Mary "Molly" Bailey O'Daniel, to Dylan Michael Krohn on Saturday, May 21st at The Point. Molly is also the granddaughter of longtime Members Richard and Margo Miller.

Lisa Granat shared: Our mother to two, grandmother to four (plus four spouses) and great grandmother to 10 is turning 100 in six months—Mrs. Dollie Jospey! Although she is still technically "99 and a half", the entire clan descended on Ocean Reef in celebration of her upcoming 100th birthday on January 1st. Dollie even had a visit from "my guys" – the Ocean Reef Public Safety Team, complete with fire engine and sirens!

SPORTS

INSIDE THIS ISSUE

Meet the Tennis & Games Center Professional Staff

By Holly Houser,
Ocean Reef Press Manager

When Jim Morton announced in April he'd be stepping down as Director of Tennis after 35 years with Ocean Reef, there was no question as to who would be ready to take the reins. After working under Jim for 10 years, Justin Romero proved himself as more than capable, having climbed his way up from Tennis Coordinator to Head Tennis Professional after only a year at the Club, a role in which he'd hold until his next promotion to Head of Racquet Sports in 2019.

Now with Justin's recent advancement, the mentee becomes the mentor. Justin has stepped into his new role as Director of Racquet Sports with fervor, working hard to bring the best seasonal and full time staff to the Tennis & Games Center, which recently welcomed an exciting group of young professionals eager to share their tennis, pickleball and croquet expertise with the Members.

With Justin at the helm, this team is truly an (overhead) smash hit!

Warren Fulgenzi Assistant Racquet Sports Professional

Warren is from Las Vegas, New Mexico (yes, there is a Las Vegas in New Mexico). Prior to his arrival at Ocean Reef, he played collegiate tennis at Our Lady of the Lake University and the University of the Incarnate

Tennis & Games Center Professional Staff, from left, Carolina Quevedo, Warren Fulgenzi, Justin Romero, Cyrcy Peyroche and Marianella Landi.

Word, both in San Antonio, TX, graduating with a masters in sport management. Warren's teaching philosophy is to help Members improve their tennis and pickleball games each and every day, while having some fun!

**Carolina Quevedo
Tennis & Pickleball Concierge**
Originally from Barcelona, Spain, Carolina began playing tennis at four years old. She has since played collegiate tennis at Young Harris College and University of Illinois in Springfield where she earned her master's degree in communications. Carolina's coaching style is to adapt to each individual player's goals, while at the same time encouraging them to work hard and enjoy the sport.

As the Club's new Concierge, Carolina is available to help Members match with a game or a partner. Email her at cquevedo@oceanreef.com if you're interested in setting up a match or signing up for a tournament.

**Marianella Landi
Tennis Professional**
Marianella comes to Ocean Reef from Posadas, Misiones, Argentina. She was a collegiate tennis player at Cumberland

University and College of Coastal Georgia. When not playing tennis, Marianella enjoys music, art, numbers and outdoor activities. What she is most excited about at the Tennis & Games Center is helping Members improve as players and be a key part of their growth.

Cyrcy (Cycy) Peyroche Tennis Professional

Originally from Lyon, France, Cycy not only played tennis at the collegiate level, but was also ranked #45 in singles tennis by the National Junior College Athletic Association. Still, a highlight of hers is being a ball girl at the French Open in 2012. Cycy's coaching style is centered around providing an outside perspective on the game and technique to optimize performance, while working to place a player in the best mental and physical condition. Her favorite quote is by Venus Williams – "Tennis is mostly mental. You win or lose the match before you even go out there."

Schedule a lesson this summer with any of these all-star professionals by contacting the Tennis Pro Shop at 305-367-6583. And come winter, Jim Morton will too be back on the courts offering lessons.

Tennis

Player of the Month

Nick Davies

When did you start playing tennis?

When I was a kid growing up in England playing on grass.

What keeps you playing tennis?

To be able to play with friends, playing my favorite game (called 105), and I like the coaching staff that keeps it fun.

For how many years have you been a Member of Ocean Reef?

I've been a Member for 11 years.

What is your favorite shot in tennis?

Inside out forehand... when it works!

Who is your all-time favorite tennis player?

Tim Henman.

Summer Camp Update & Meet the Team

by Justin Romero,
Director of Racquet Sports

Summer Camps are in full swing at the Tennis & Games Center. We kicked off our first camp week with MOMS Only! Tennis Camp. It is so fun to see our tennis moms drop their kids off at Quickstart Tennis Camp and then head to tennis camp themselves. If you missed the Moms Tennis Camp or want to improve more, be sure to sign up for the Adult Tennis Camp the week of July 7th.

NEW - We have added video analysis to our Adult and Tournament Tough camps, so

be sure to check it out! We also have a camp for every skill level and age so take a look at our Tennis & Games Center camp list below. Can't commit to a full week of camp? Our daily scheduled Cardio and Gameio clinics are a great way to get the day started off right.

Summer Pickleball

Summer pickleball is thriving at the courts. Daily play has increased due to our Open Plays Mondays through Saturdays 8:30 to 10 a.m. You can see the courts are busy throughout the day with camps, families, friends, and lots of laughter. This summer kicked off with a Tween Pickleball Camp where 12 campers ages 8-14 battled through the afternoon heat to learn the game. Some of the campers were even graduates from Kids Pickleball Camp the year before. Next on the Pickleball agenda is our Adult Pickleball Camp that starts on July 4th.

Thank you all for making

these summer camps special and we look forward to hosting many more in the winter season and summer.

Summer Pickleball Schedule

Mondays-Saturdays

Open Play 8:30-10 a.m.

Wednesdays

Intermediate/Advanced Pickleball Clinic 11 a.m.

Sundays

Beginner Pickleball Clinic 11 a.m.

Croquet Update

Our beautiful croquet lawn is open through August 1st. Call the Tennis Pro Shop at 305-367-6583 to reserve or book a lesson. Have your friends and family in town? Group croquet lessons/tournaments are a blast for all ages and you can even play with a drink in hand! Don't forget your all-whites.

Summer Camp Schedule

July 4th-8th – Adult Pickleball Camp, Quickstart Tennis Camp, Tournament Tough Camp

July 11th-15th – Adult Tennis

Camp, Quickstart Tennis Camp, Tween Tennis Camp

July 18th – 22nd – Kids Pickleball Camp, Quickstart Tennis Camp, Tournament Tough Camp

July 25th – 29th – Quickstart Tennis Camp, Tween Tennis Camp

Register at summercamps@oceanreef.com.

Meet the Team

See some new faces around the Tennis & Games Center? Here is a chance to get to know a little more about our rockin' Pros this Summer and into next season. See page 25 to read more about them and call 305-367-6583 to schedule a lesson.

Warren Fulgenzi – Assistant Racquet Sports Professional
Carolina Quevedo – Tennis & Pickleball Concierge
Marianela Landi – Tennis Professional
Cycy Peyroche – Tennis Professional

Tennis Tip of the Month: Be Consistent

by Marianela Landi, Tennis Professional

Being consistent is one of the best things you can do for your tennis game.

Firstly, try to get on the court at least once a week to see an improvement in the long term and to make your effort worth it.

Secondly, be consistent with your technique and playing style.

The best way to get there is by being patient during the process and through massive repetition of your strokes.

If you're interested in learning more about being consistent, schedule a lesson with one of our professionals. Call the Tennis Pro Shop at 305-367-6583.

4th of July Big Cup Tournament

"From the Gold Tees" by Michael Leone, Director of Golf

There are not many ways to celebrate the 4th of July that are better than on the golf course! Come out with friends and family to enjoy the annual Big Cup Tournament on **Monday, July 4.**

The Big Cup Tournament is an individual stroke play event on the Hammock Course. The twist to the event is that the holes are much bigger than usual!

Sign up to participate by calling the Golf Shop at 305-367-5912.

The 122nd US Open

The 2022 US Open returned to one of the classic US Open

Hole in One for Michael Slavin!

venues. The best players in the world gathered in Brookline, Massachusetts to attempt to raise the US Open trophy in the game's toughest test. There were many headlines heading into the 122nd US Open, including Rory returning the major form, Scheffler's ascent to number one and the rival golf league.

None of the headlines were about Matt Fitzpatrick trying to join Jack Nicklaus and Juli Inkster as the only players in history to win the US Amateur and US Open at the same golf

Father's Day Tournament Champions Alec and Sergio Teijelo.

course. After an epic battle between Fitzpatrick, Zalatoris and Scheffler, Fitzpatrick was able to

join elite company by winning the US Amateur and US Open at The Country Club.

Fitzpatrick played flawlessly down the stretch as Zalatoris and Scheffler were threatening. A final clutch fairway bunker shot sealed the Championship for Fitzpatrick's first major victory!

Hole in One

Congratulations to **Michael Slavin** on his Hole in One on the 5th Hole of the Dolphin Course. Mr. Slavin was able to accomplish what all golfers dream of using a pitching wedge to card an ace on June 19th!

Golf Course Summer

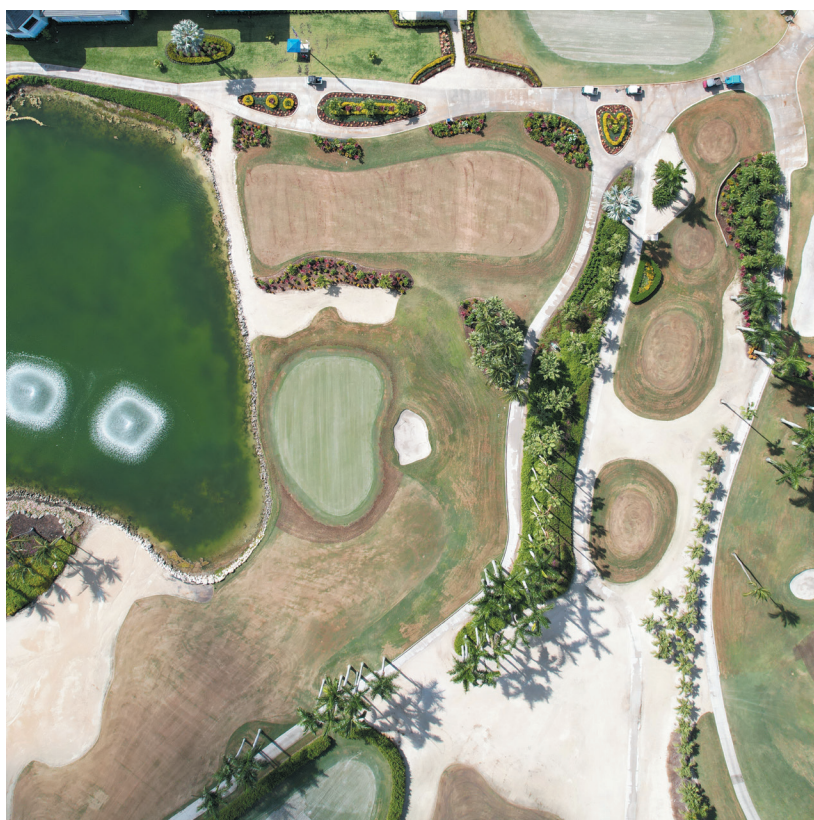

Continued from | 1

playing surface at a depth that breaks through the stain layer. Stain layer is soil below the surface that is darker in color due to the buildup of organics. This layer inhibits the movement of water and oxygen. Core aeration also relieves the soil of compaction by creating space within the profile for soil to move slightly. Once the surface is cleaned of debris, the holes are filled with sand, which allows the surface to drain through the stain layer and into the original USGA greens mix.

Vertical mowing is exactly what it sounds like. It is a mower that incorporates vertical blades instead of horizontal. Vertical mowing helps open up the canopy and removes excess thatch. Thatch is the decaying organics and forms as a natural process. The thatch layer is the area which disease forms most readily. Excess thatch also creates a spongy surface leading to playability issues. Vertical mowing is also an integral part of grain management.

Fraze mowing, in the simplest of terms, is a modified version of sod cutting. The difference is a fraze mowing unit utilizes multiple blades and is much safer than simply using a sod cutter. We only fraze mow our collars at this point to help eliminate thatch and collar damming. Collar damming is an area of the collar that is raised above the green causing a disruption in surface draining, the process by which water naturally flows from the green surface in to the draining areas around the green.

Dry-ject is a specialized piece of equipment that uses extremely high pressured water to pierce the green surface and then injects sand directly into the hole. It can only be used as a supplement to core aeration as it does not aid with reduction of compaction.

Aeration of the Dolphin Course as of June 28.

Hammock Course as of June 27 after six weeks of aeration.

Scalp mowing is the act of mowing at least half of the leaf tissue from the fairways, tees and roughs. Scalp mowing is beneficial as it helps rid

areas of puffiness which also provides for a firmer playing surface. Scalp mowing also gets rid of old leaf tissue allowing space for new leaves to thrive.

Top-dressing is the incorporation of sand into the playing surface. Sand is a key component in keeping our playing conditions firm, fast and true. Sand is a crucial element in thatch reduction and enlarged pore space within the soil profile. During the summer we sand top-dress heavy to fill in holes and lines created by core aeration and vertical mowing. However, we continue to lightly top-dress throughout the entire year to try and dilute the thatch layer as much as possible.

The combination of these processes allows us to provide conditions in which we and our Membership can be proud. If you happen to see members of maintenance staff, please feel free to approach and say hello. Our associates work extremely hard in extremely hot and sometimes rainy conditions. The images show the extent of how heavy our cultivation practices are and how quickly the playing conditions return to great. The images of the current aeration are of the Dolphin which is taking place now. The other images are of the Hammock which we closed for 6 weeks and is now back to great summer playing conditions.

What Should Your Golf Swing Look Like?

The Blueprint for Your Swing

"Swing Tip"
by Derek Swoboda,
Director of Instruction

Bioswing Dynamics is an incredible system through which we measure the student in various ways to help create a blueprint of sorts for their golf swing. Included in these exams is a test for your grip and posture as well as physical measurements to help determine what the golf swing should look like for each individual.

PGA Tour professionals Matt Kuchar, Tiger Woods and Jim Furyk each have different methods of swinging the golf club.

We have all had the question in our minds about Jim Furyk or Matthew Wolff: "How does that golf swing come close to working?" Through this series of tests, we can now describe the reasons for all these things you see on TV week in and week out.

Have you ever questioned the direction you are heading in your golf swing because it does not seem natural? Something about the grip

does not feel correct or you've recently had some pain which you might not normally feel? Through bioswing dynamics, we can help you create a comfortable, confident and, importantly, pain-free golf swing.

Why is Measuring Important?

Imagine going to a tailor for a custom made piece of clothing... How many times have you walked into the

store, picked something up off the rack and said here it is, this is the best fit and walked out? We all try on shoes, get measured for suits or dresses and the like, so why wouldn't we do that in the game of golf?

People cannot be averaged into a one size fits all golf swing, just like there cannot be a one size fits all shoe. Sign up for your bioswing dynamic test today to produce your blueprint. Call the Golf Shop at 305-367-5912. Your best golf is just around the corner!

If you have had a lesson with me, you're likely familiar with the three planes we can have in our golf swings - Shoulder Plane, Torso Plane and Hip Plane. By testing for your grip and measuring your forearm length vs your upper arm length, we can determine which plane you should be on. Are you really "over the top" or are you simply supposed to be on your Shoulder Plane?

World Oceans Day Debris Cleanup

The Dive Shop at Ocean Reef celebrated World Oceans Day on Wednesday, June 8 with a Dive Against Debris trip, removing a total of 145 pounds of debris and 580 feet of line from the reefs off Ocean Reef.

The next trip planned will be a scouting trip on Tuesday, July 5 at 1 p.m. – perfect for snorkelers! If you are interested in participating, call The Dive Shop at 305-367-3051 and please review The Dive Shop's following protocols:

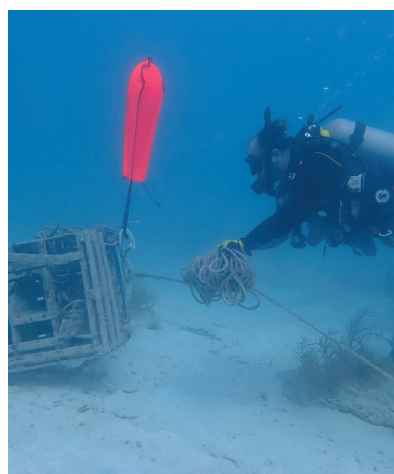

Social media posts and other media communications must state cleanups were performed under permits and were funded either by or in part by the National Marine Sanctuary Foundation (Make

sure if photos or videos are taken people are following the guidelines in the Goal: Clean Seas Florida Keys protocols). Add one of the following statements to photos and videos shared on media platforms:

- Funded by the Foundation: "Support for this [program/event/project/publication/etc.] was provided by a [grant/contract/sponsorship] from the National Marine Sanctuary Foundation. All activities conducted were done so under the proper permits."
- For instances in which the Foundation is not the sole supporter: "Support for this [program/event/project/publication/etc.] was provided in part by a [grant/contract/sponsorship] from the National Marine Sanctuary Foundation. All activities conducted were done so under the proper permits."

From left to right: Jo Barendse, Tom Rubin, Shawna Copp, Scott Thompson, Miranda Williams, Tyler Shaw, Steve Levin with the day's collected debris.

The Dive Shop's Howard Scott Thompson (left) and Miranda Williams collect debris.

Habits that Build Summer Bodies

"Fitness Focus"
by Luis
Bracamonte,
Director of
Fitness &
Wellness

A summer body is a concept which represents the desire to achieve optimal aesthetic results. In fitness there are different strategies and tactics such training methodologies, programs, diets and recovery techniques to help us achieve optimal aesthetics and other important goals such as improvements in health and performance. To greatly increase our chances of success, we must form habits rather than solely relying on motivation and drive. Habits are formed with consistency, focus and repetition. Here are some positive habits that lead to better fitness, wellness and an overall improvement in lifestyle:

- **Have an easier workout on days that you are not feeling motivated or are low in energy** rather than skipping sessions. We all know that consistency is key to success. Easier workouts are far superior than no workouts. Dial down but do not lose momentum.

- **Indulge without guilt on a cheat day** and follow it with a return to clean eating and fitness the day after. So long as the scale tilts in favor of clean eating and regular exercise, indulging without guilt is part of a holistic understanding of fitness and wellness.

- **Start your day with a healthy first meal**, mostly from plant sources. Breaking our fast with a high sugar meal will send us marching right into the high glycemic-cortisol carousel, which increases cravings and induces fatigue. The first meal of the day, regardless at which time it takes place, sets the tone for the rest of the day.

Linda Kaplan tries out the new Technogym stationary bikes.

- **Eat a balanced diet** consistent mostly of lean proteins, healthy fats and complex carbs. Avoid or minimize fried foods and refined carbs such as white bread, bagels, tortillas and pasta. There is no need to eliminate indulging foods but it is important to understand and be mindful of what we are eating and drinking. Eat clean with purpose and indulge with awareness.

- **Choose goals that will push you to grow and improve.** If the goal is challenging enough, failure is part of the process. So long as we are improving, we are going down the right path. Most people get discouraged when they fail a few times, that is why success is rare. In fitness, this means sticking to a regular fitness routine, diet and recovery habits.

- **Getting proper rest and recovery** to allow the body and mind to recharge to an optimal level. The wellness industry is paying more attention to sleep, rest and recovery than ever before due to its immense benefits. We should look at sleep cycles, regular massage, stretching, hot and cold therapy, breath control and other stress reduction

techniques as key components of our fitness and wellness programs. Our bodies need to heal and recover in order to be ready to be pushed again. The

dance between challenging our bodies and letting them heal leads to growth and improved performance.

- **Develop resilience by choosing discomfort over quitting.** In fitness, we often talk about overcoming pain. Nevertheless, injuries or other medical related conditions aside, we are not actually experiencing pain, what we experience is discomfort. The habit of overcoming discomfort is powerful and one of the main reasons why fitness strengthens both body and mind. The uphill climb leads to the top.

Stay active, work hard and play often. The habits that improve aesthetics, also improve health and performance. Enjoy your journey and be ready for any adventure.

Personal training, Pilates, yoga and swim instructions are available all summer long at the Member Fitness Center. For more information, please contact us at 305-367-5820.

USCG Change of Command Key West

Commander Robert Broton, USCG Auxiliary – Ocean Reef Flotilla

I had the privilege to attend as Commander, Ocean Reef Flotilla, the formal USCG Change of Command at the Coast Guard Base in Key West 4 May 2022. I was joined by my wife Janis and Auxiliary representatives from all the Flotillas in the Keys.

In addition to top Coast Guard leadership, attendees were about 400 representing shipmates, army special forces, government officials, NOAA, Broadcast Radio personalities,

Rear Admiral Brendan McPherson, Commander Robert Broton, Janis Broton.

several law enforcement agencies and community leaders.

The Coast Guard Leadership was headed by the Commander of the 7th District, Rear Admiral Brendan C. McPherson. As District Commander, he is responsible for all Coast Guard Operations in the Southeast United States, including Florida, Georgia, South Carolina, Puerto Rico,

Captain Adam Chamie and Captain Jason Ingram inspect the Honor Guard.

and the US Virgin Islands. The district encompasses 1.8 million square miles and shares borders with 34 Foreign Nations and territories.

Captain Adam A. Chamie, now former Commander of Sector Key West, served since April of 2019. He will be returning to Washington DC as Coast Guard Congressional Liaison after his distinguished service in Key West.

Captain Jason D. Ingram accepted command of Sector Key West. His previous assignment as Chief of response, Sector Virginia, where he lead 600 Guardsman and Auxiliary personnel across five cutters, six small boat stations, Boarding and Pollution Response teams in the Commonwealth of Virginia out to 200 nautical miles offshore.

Let us help you generate maximum return on your investment.

Card & Games Corner

by Gregg Van Dyke,
Director
of Card &
Games

I hope you are all enjoying the summer where ever you are. Thanks for your continued support and a great season.

I am in the process of installing a robot pair if needed for next season's Duplicate Bridge Games. They will be used only if we have a half table so there will be no sit outs. They are fun to play against.

Online Bridge Games

Bridge games went online starting Monday, June 6. There will be two Online Games a week On Mondays and Wednesdays starting at 1 p.m. and finishing between 2:45 and 3 p.m. These games will be on BBO and will be open to Ocean Reef players and their guests. The idea is that you will have Duplicate Bridge Available on a year-round basis. I will continue to run a live game here on Fridays at 1 p.m. as long as I have players.

I encourage your support for the Online Bridge Games if you can to ensure that they can remain on the schedule. As we come into July, I am hoping for a strong showing. Thank you for your support. If you need

partner, call the Card & Games Room at 305-367-6609 or email gvandyke@oceanreef.com the day of game or the day before. For instructions on joining Bridge Base Online, see page 38.

2022-2023 Calendar

I've begun putting my calendar together for the 22-23 season. I plan to have a lot of events for your enjoyment. Please let me know your thoughts on what you would like to see and how I can make it better. Your input is very important to me.

I am also seeing more Mah Jongg players as well as Backgammon players. I will put together a program for both next season. Please call me with ideas.

Summer Schedule

Beginner's Bridge Class
Thursdays 10:30 a.m.

Canasta Lesson

Thursdays 12:30 p.m.

Backgammon Lessons

Fridays 10:30 a.m. by appointment. Please call 305-367-6609 to let me know.

Ocean Reef Playing Cards

Do not forget to get your Ocean Reef Playing Cards. They are available in both regular deck as well as special canasta cards. These cards are unique to Ocean Reef Club and are available at the Gift Shop. Makes for a nice gift idea.

Again, thank you all for making my job enjoyable and for a great season.

BRIDGE TIP

Bidding With Interference

By Gregg Van Dyke, Director of Card & Games

Bidding would be a lot easier if the opponents did not interfere. But we know this is not the case. Here are some guidelines when the opponents get in our way:

After a Suit Overcall Suit Responses

If your partner opens and the next opponent overcalls in a suit then 2/1 Game Forcing (including 1NT Forcing) are OFF. We now revert to Standard Bidding:

-New suit at the 1-level promises 4 pieces (6+ points).

-New suit at the 2-level promises 5 pieces (10+

points).

-1NT would show a balanced hand with 6-10 HCPs (with stoppers in the opponent's suit)

-Raise in partner's suit would show 3 card support and 7-10 points

-Double raise in partner's suit would show 4 card support and 6-9 points

-Triple raise in partner's suit would show 5 card support and 6-9 points.

-Cue Bid would show a Limit Raise (11-12) or Better

Examples:

West North East South
1♣ 1♦ 1♠ = 4 spades and 6+ points

1♣ 1♦ 1NT = 6-10 HCPs with diamonds stoppers (no 4-card major)

1♠ 2♦ 2♥ = 5 hearts and 10+ points (forcing)

1♠ 2♦ 2♠ = 3 spades

and 7-10 points (non-forcing)

1♠ 2♦ 3♠ = 4 spades and 6-9 points (non-forcing)

1♠ 2♦ 4♠ = 5 spades and 6-9 points (non-forcing)

Negative Doubles

Don't forget about Negative Doubles!

West North East South
1♣ 1♥ Double = Shows 4 Spades

West North East South
1♣ 1♥ 1♠ = Shows 5 Spades

West North East South
1♣ 1♠ Double = Shows 4 Hearts

West North East South
1♣ 1♦ Double = Shows 4 Hearts AND 4 Spades

West North East South
1♥ 1♠ Double = Shows 4 Clubs AND 4 Diamonds

See you at the table.

Accessing Weekly Online Bridge Play

Club Members are invited to join online for a weekly bridge game with fellow ORC Members. Online, ACBL sanctioned games will take place Mondays and Wednesdays at 1 p.m. Eastern on the Bridge Base site.

To participate, simply create your account at bridgebase.com. Next share your ACBL number, name, and Bridge Base username with us by emailing the Tennis & Games Center at tennisshop@oceanreef.com. Once received, ORC Members will be able to join the weekly online game with their friends from The Reef! Call the Card & Games Room at 305-367-6609 with any questions.

Join our rental pool!

Join our rental pool of luxury condominiums, homes and docks and allow us to take care of all the details. You can rest assured we will provide white glove service for your guests.

As Member/Owners with Reef Rentals your guests will enjoy:

- Complementary Wireless Internet
- Around the Clock Concierge
- Property Management Services
- In-House Housekeeping
