OCEAN REEF CLUB®

A UNIQUE WAY OF LIFE

KEY LARGO, FLORIDA

**FROM THE DIRECTOR OF GOLF
MIKE LEONE**

Dear Member,

We hope everyone was able to enjoy some golf, travel and family time this summer! Season is just around the corner and we have been diligently working to make it one of the best ever.

After two years of waiting, the MGA and LGA were finally able to go on their much-anticipated golf trips to the UK. Zach Haynes and I were first to travel overseas with 14 LGA members. We enjoyed the pinnacle of Scottish hospitality at the St. Andrews Hotel. Along with playing phenomenal golf courses, we experienced the electric atmosphere around town as they prepared for the 150th Open Championship that took place a few short weeks later. Most importantly, we established friendships that will last a lifetime.

Shortly after, Ben Claus and I were fortunate enough to accompany 14 MGA members to England and Scotland. We were treated like kings as we played many of the royal courses including Royal Liverpool, where they will host the 2023 Open Championship.

Back at Ocean Reef, we could not be happier in our new home at the Clubhouse. Along with all the hardware in the beautiful trophy cases, Erika Jones and team we were able to obtain another award by winning the 2022 PGA Southern Chapter Merchandiser of the Year. With Erika's keen eye for merchandise and the team's exceptional customer service, we look forward to winning many more awards.

Every year we try to enhance the golf experience for our membership. This year we have purchased a new piece of technology which will hopefully make the biggest impact on our players' handicaps: PuttView. PuttView is an interactive putting green that will allow players and coaches to practice and analyze putting. Who doesn't want to make more putts?

As we welcome back all of our golfers, we are pleased to say that they will be greeted by many familiar faces. We happily announce that Stef Shaw, Brett Gerbec, Denis Moleres, David Larger, Steven Taraska, Ryan Vineyard, Thomas Merritt and Trey Kelly will all be back on our Professional Staff this season.

This summer, Eric Bennett and his Golf Course Maintenance team were able to give the membership and their guests the best summer playing conditions ever at Ocean Reef Club. We are sure that all their arduous work this summer will lead to the courses being in immaculate shape for this winter season.

The entire golf staff and I are looking forward to a fun-filled and exciting golf season.

Best Regards,

Mike Leone
Director of Golf

The range will be closed for maintenance every Monday from 12 to 4 p.m. The short game area will be closed for maintenance every Monday from 12 to 2 p.m.

PACE OF PLAY

Playing golf at a reasonable pace is consistent with the etiquette of the game, the traditions of the Club, and demonstrates the proper respect for others on the course.

All groups playing are expected to meet our Pace of Play standard of:

- 4 hours or less for a foursome / 2 hours per nine holes
- 3 hours or less for a twosome / 1.5 hours per nine holes

Ocean Reef Professional Staff will ranger both courses. They are out to monitor the pace of play and to make everyone has the most enjoyable golf experience possible.

The following Pace of Play Recommendations are provided to help everyone meet this standard:

Be aware of where you are at all times relative to the group in front of you and the clock. In a four hour round you should achieve the following checkpoints:

- Reach the 5th tee in one hour
- Reach the 11th tee in two hours and 15 minutes
- Reach the 14th tee in two hours and 45 minutes
- Be prepared to play at all times
- Be prepared to tee off and play ready golf
- Always carry an extra ball
- Repair ball marks and prepare to putt while others are playing their ball
- Do not linger on the green – mark your scorecard on the next tee
- Play smart golf and be prepared to play when it's your turn
- Invite faster groups to play through at all times
- Move directly to your ball – avoid traveling in a group
- Watch other player's shots in order to minimize the need to search for lost balls
- Anticipate your shot by carrying several clubs with you
- Always rake bunkers and repair divots
- Play from the appropriate tees for your handicap
- Help others maintain a proper pace with suggestions
- Use the time spent moving to your ball to think about your next shot
- If you have reached your maximum allowable score, pick up
- Avoid entering property belonging to fellow Members

TIPPING POLICY

Ocean Reef Club strives to provide its Members and guests with first class service at all times. To ensure we achieve this level of professionalism, we have motivated, enthusiastic employees in every area of Golf Operations, not just those in public contact positions.

5. Please do not drive a golf cart within 30-feet of a green, tee or bunker, except on golf cart paths. Carts must stay on paths on all Par 3's and all tees. Golf carts should stay away from the edges of all bunkers to prevent damage.
6. Never drive a golf cart through a penalty area, into roped areas or within white-lined areas around the greens. Persons with handicap flag privileges will use disability flag program protocol.
7. Please be careful to avoid soft areas on fairways, especially after rain. Use cart paths or the rough wherever possible.
8. Operation of a golf cart is at the risk of the operator. Cost of repair to a damaged golf cart shall be charged to the person responsible for such damage. Persons using a golf cart shall be held fully responsible for ALL damages caused by misuse of the golf cart. The person or their guests shall reimburse the Club for all damages the Club may sustain by reason of misuse.
9. Each person using a golf cart (including the member on behalf of his or her minor children or minor guests, if they are operating the golf cart) accepts and assumes all responsibility for liability connected with operation of the golf cart. Such person also agrees to indemnify and hold harmless the Club from damages, whether direct or consequential, arising from or related to the person's use and operation of the golf cart.
10. When "cart on path only" signs are posted, they must be strictly followed. As a reminder, players should keep all four wheels on the path to minimize wear of the surrounding areas.
11. In some instances of bad weather and/or course damage or repair, it is necessary to restrict all traffic from riding on the fairways. No golf carts, including those of handicap players, will be allowed on the course under these conditions.
12. Violations of the golf cart rules may result in loss of golf cart privileges and/or playing privileges.
13. In the Gross Club Championships (if paired in twosomes) and the Keys Cup and Chairman's Cup final matches, the players can ride in separate golf carts.

HANDICAP COMMITTEE

Cynthia Egan, Chairman

Fred Sherman

Lynne Thomson

Dom Dinapoli

Barbara Pearson

Jeff Dorsey

WORLD HANDICAP SYSTEM

1. Handicaps are computed under the supervision of the Director of Golf in accordance with the World Handicap System.
2. To establish a handicap, Members should register with the Golf Shop. A minimum of three 18-hole rounds is required to establish a handicap.
3. All Members and their guests with a World Handicap Index may participate in Club tournaments and the weekly events. All handicaps submitted may be revised by the handicap committee. Maximum course handicap for all events is 36.
4. If a player does not have an established handicap, they cannot compete.
5. All scores must be posted in the handicap system in a timely manner using the WHS system. The maximum postable score on a hole is NET Double Bogey.
6. Scores from all major Club events and those reflected from the LGA and MGA tournament schedule will be recorded as competition scores. These scores will be identified in the handicap computer with a 'C'.
7. Players are reminded that holes that are unfinished or that have a stroke conceded should not prevent them from posting a score for the hole. Rule 3.3 in the USGA Rules of Handicapping states the procedure: If a player starts but does not complete a hole or is conceded a stroke, they shall record for handicap purposes the score they most likely would have made. The most likely score consists of the number of strokes already taken, plus, in their best judgment, the number of strokes that the player would need to complete the hole from that position. This number may not exceed the net double bogey max.
8. Rounds sometimes are not completed due to weather or a match play event. However, a score for handicap purposes may still need to be posted. Rule 3.2 indicates: If at least fourteen holes are played, the remaining unplayed holes, for handicap purposes, shall be recorded as par plus any handicap strokes that the player is entitled to receive on the unplayed holes.

HANDICAPS CONTINUED

These guidelines will be used to keep the golf played at Ocean Reef Club fair and equitable for all Members. The following guidelines:

- 100% score posting.
- The handicap committee will review results of weekly and major tournaments on a monthly basis in an effort to preserve the competitive integrity of golf at Ocean Reef Club. If deemed necessary, adjustments may be made to a player's handicap index via Rule 7.1 of the USGA Rules of Handicapping in accordance with the World Handicap System.

HANDICAP COMMITTEE GUIDELINES

Step 1: The Handicap Committee will review all rounds played versus scores posted and then give Members names to Mike Leone to research and review. If these members are indeed not posting their scores, Mike will send an email to them from the Handicap Committee email address, asking the member to please post the scores that are missing in their GHIN handicap account. In this email will be the dates of the days that the Member played and didn't post.

Step 2: The Handicap Committee will ask them again by email to please post their scores and also let them know that if it continues to happen, the next step will be scores of 71 posted for days played where scores have not been posted.

Step 3: The Handicap Committee will email and inform the Member that scores of 71 have been posted for all the rounds that the Committee believes are missing posted scores.

CAP PATROL

Our goal is to ensure that all golfers are playing with a fair handicap calculated in accordance with USGA guidelines.

We will be using “Cap Patrol”. Cap Patrol is a 3rd party software product developed to help clubs monitor player handicaps and performance. The committee can create real time reports on all of our Members. There are over 40+ data points that evaluate each Member to ensure handicaps are fair and reflective of a players’ ability.

Data includes but is not limited to:

- Trends in posted scores and index for last 12 months
- Scoring: home vs. away scores
- Scoring: tournaments vs. daily play
- Tournament success: how often players are successful in events at the club
- Posting (or not posting) of scores
- Past scoring for a particular event at the club as well as all competitive rounds

Evaluations are data driven and objective by design. Reports are often reviewed without player names to remove any personal element from decision making.

The Cap Patrol software program puts a heavy emphasis on tournament performance. If any player or team is winning more than is statistically reasonable, their handicaps will be closely reviewed by Cap Patrol

- The committee will meet once a month to review all players handicap indexes. We may meet more often notably ahead of tournaments if the committee believes it is needed.
- At that meeting we will review Cap Patrol reports on all our Members and will consider all other information including feedback from players and staff. The committee will identify any players we think need to have their index adjusted and that adjustment will be determined.
- Within 24 hours, we will communicate an adjustment to a player via a phone call, email, or letter.
- Within 48 hours after this communication, the player must notify the committee of a desire to appeal the decision. If no notice is received, the committee’s adjustment will be implemented
- After appeal, if there is an adjustment, the change will be effective immediately
- The handicap committee will adjust a player’s handicap for all Ocean Reef Club tournaments
- During this period when a player’s index has been adjusted by the committee it is still the players responsibility to continue to follow World Handicap System guidelines for posting all scores.

DISABILITY FLAG PROGRAM

Handicap flags are given to Ocean Reef Club Members and guests who have an injury or physical condition that the normal use of a golf cart does not fully alleviate.

Handicap flags are issued by the Golf Committee to players who have a handicap vehicle decal and medical documentation. In temporary situations, this privilege will be granted for the length of time required to resolve the physical condition. In the case of a guest, handicap flags are issued for the day at the request of a member.

Handicap flags should be put in the golf bag of the player needing handicap privileges. Handicap flag recipients are required to reaffirm their need for this privilege each season.

NORMAL CART PATTERN DAYS

When players are allowed on the fairway returning to the cart path as instructed by the white line or other such signage in front of the green, players with a handicap flag may proceed no closer than five yards (15 feet) of the green or greenside bunkers. Carts at no time should be driven on greens or tees or driven between the green and greenside bunkers. Preferably, carts should not be driven on green or tee slopes and areas of the course that could be damaged by a golf cart should be avoided.

RESTRICTED AREAS:

From time to time, a golf hole will be roped off by the golf maintenance staff to protect the grass from cart damage. If handicap carts are allowed in these areas, carts should primarily be driven in the rough, avoiding as much traffic on the fairways as possible.

CART PATH ONLY:

In some instances of bad weather and/or course damage or repair, it is necessary to restrict all traffic from riding the fairways. No golf carts, including those of handicap players, will be allowed on the course under these conditions.

Note: Handicap players may choose to skip holes that are cart path only. For golf score posting purposes, a player should take par plus their handicap strokes for this hole.

BLUE MARKER SYSTEM

Both golf courses are marked with blue markers to indicate where the disability flag carts are allowed to enter and exit the areas close to the putting green.

MGA GUIDELINES AND RULES

ELIGIBILITY

All male Members of Ocean Reef Club with an established handicap are eligible to participate in weekly events. MGA Members may invite a male guest to participate, if availability exists and the format allows.

DATES AND TIMES

Opening Day for the MGA is November 7, 2022; closing day will be April 10, 2023. Most MGA events take place on a Monday and are played in a shotgun format starting at 9am. Complimentary clinics for MGA members will be held every Friday from 3 to 4pm. Maximum number of participants is six. Call the Golf Shop directly or contact Derek Swoboda to sign up.

MULTI DAY EVENT RULE:

When signing up for a tournament scheduled over multiple days, such as the Anchor Cup or Club Championships, please understand that you are committing to participating in each day of the event (three, in the case of the Old Buddy). By withdrawing prior to the final round or match you endanger the integrity of the tournament. Any team or player that withdraws from a multi-day tournament midway through the event will be subject to MGA committee review with possible consequences including being unable to participate in the following season's tournament. All instances will be reviewed on a case by case basis. Things such as accidents, illness, injuries and historical participation will be taken into account.

MGA GUIDELINES AND RULES CONTINUED

PAIRINGS

Pairings will be completed on Sunday afternoon by the Golf Staff and be communicated via email for Members to view. ABCD format pairings will be randomly assigned by the tournament software in order to equalize the playing field. Some formats allow for players to pick their own teams/partners, see schedule for details.

MGA FEES

All participants will be billed an annual fee of \$120. A \$15 weekly fee will be billed to participants when they play in a Monday game. Proceeds are given out as Pro-Shop credit to weekly winners. Players who cancel without notification will be billed the \$15 fee.

BENEFITS

There are many benefits of being a member of the MGA. You will be eligible to play in tournaments such as the Old Buddy and ORC vs CSGC Interclub. You will receive enhanced communications from the Golf Shop including sign up dates and reminders for major tournaments, i.e. the fall Member-Guest and Triple Golf Classic, demo days, vendor promotions, sales, and more. It is also a great way to meet over 350 golfing Members of the Club.

HOLE-IN-ONE PROGRAM

Any time an MGA member makes a hole-in-one in an MGA sanctioned event played on the Dolphin or Hammock Courses or at Card Sound Golf Club, all members of the MGA will be billed \$5 and the member who made the hole-in-one will receive the value of these charges as Golf Shop credit. The hole-in-one must be witnessed by an MGA member in order to qualify.

BEFORE GOLF

MGA players should gather at the putting green for team and tee assignments at least 20 minutes before play.

AFTER GOLF

The Golf Clubhouse serves as a gathering place for men to have lunch following play.

TEES

All play is from the White Tees. Lower handicap players have the option to play from the Blue Tees. In order to be eligible to play from the Green Tees, your AGE + HANDICAP INDEX must be equal to 95 or higher. If you elect to play from the Blue or Green Tees, you must play them for the whole season.

HANDICAPS

All "post-able" MGA event formats will have scores posted by the Golf Staff.

MGA TOURNAMENTS

The MGA coordinates several major events each year and include:

OLD BUDDY TOURNAMENT JANUARY 30, FEBRUARY 1 & 3, 2023

The crown jewel of the MGA schedule lets Members pick their buddy to pair up and play three days of Better Ball of Partners Match Play. Teams will play five 9-hole matches within their flight where two matches will take place on Monday, two matches on Wednesday and one match on Friday. Players will receive 95% of their course playing handicap. The lowest playing handicap in the group will play to a "0" and the other players will receive the full difference. Flights will be determined by the combined index of the team. At the conclusion of round five, our Flight Winners will compete in the three-hole shootout that will determine our Overall Champion.

Defending Champions: Henry Salas & Joy Joyner

MEN'S SENIOR CLUB CHAMPIONSHIP MARCH 6 & 8, 2023

This 36-hole Stroke Play event is played on both courses to determine the champion. Any MGA member who is at least 55 years of age can compete for the championship. The Championship is broken into three age divisions: 55-64, 65-74, and 75+. At the end of 36 holes a Gross, Net and Super Senior Champion will be named. The Men's Senior Club Championship is a multi-round tournament. Per the Club's Multi-Round Tournament rule, both rounds must be played. If a player competes in Round 1 and does not play in Round 2, they will be ineligible for the tournament the following year.

Defending Champions:

Overall Net Winner – Jerry Henn

Overall Gross Winner – Mike Daniels

Super-Senior Net Winner – Cal Philips

CHAIRMAN'S CUP

Many call it the hardest tournament on The Reef to win. This challenging format allows 128 MGA players to compete in a knock-out season-long net match-play event. Call the Golf Shop to sign up, beginning November 7, 2022. Players will schedule their own matches and play off the low ball in the match. The event will play out over the entire season as the champion will earn their way to the title. All matches must be completed by the published deadline date. If the match hasn't been scheduled and played prior to the deadline date, a tee time will be made by the professional staff for the deadline date. If both players fail to play the match on or by that deadline date, the MGA Committee will flip a coin to determine the winner of the match. If only one player is present for the tee time on the deadline date, they will be declared the winner by default.

Defending Champion: Dick Satterfield

MGA TOURNAMENTS CONTINUED

MGA FOURBALL

Similar to the Chairman's Cup, the MGA Fourball is a knockout season-long net Fourball Match Play tournament. 64 teams of two MGA Members will compete against each other over the entire season, with our champions declared in April. Players will schedule their own matches and play off the low ball in the match. All matches must be completed by the published deadline date. If the match hasn't been scheduled and played prior to the deadline date, a tee time will be made by the professional staff for the deadline date. If both teams fail to play the match on or by that deadline date, the MGA Committee will flip a coin to determine the winner of the match. If only one team is present for the tee time on the deadline date, they will be declared the winner by default. Note that if one of the players from the team is unavailable to play the match, their partner may represent their team alone against the other team.

Defending Champions: Trevor Ferger & Paul Archibald

ANCHOR CUP MARCH 27 & 28, 2023

The Anchor Cup is Ocean Reef's Ryder Cut Tournament. The island is divided in half – Ocean Side vs Bay Side – where you live will determine which side you will represent. This is a two-day tournament: day one is Four-Ball Matches and day two is Individual Matches. Captains will be appointed to each team and matches will be determined at the cocktail party prior to round one. Champions will be turn bragging rights for an entire year!

2022 Defending Champions: Team Oceanside

BURGEE CUP APRIL 3 & 4, 2023

Similar to the PGA Tour's FedEx Cup, all MGA players are awarded points every week for their finishes in the weekly MGA events. In the last tournament of the year, the Burgee Cup Finals, any player within the top 30 on the points list has a chance to be the Burgee Cup Champion. On the day of the Burgee Cup final, the player with the highest point total will receive 30 points to start the tournament. The player who accumulated the second highest point total will receive 29 points and it will follow this format all the way to the 30th point leader receiving one point. If there is a tie for one position, the higher amount of points will be given to both players and the next player will receive their allocated points. For example, if there is a two-way tie for third place in the standings then each of those players will receive 28 points. The next player, fifth place, will receive 26 points.

Defending Champion: Scott Heffner

SIGNING UP

LGA members can sign up for tee times two weeks in advance. Shotgun starts and special events can be signed up earlier on ForeTees or by calling the Golf Shop. Players who cannot complete a round in 4 hours are strongly recommended to sign up for the later starting times.

Please notify your partners and the Golf Shop if you signed up to play and are unable to participate. In case of inclement weather, please check the ForeTees website or call the Golf Shop to see if play is cancelled. Most LGA Mixers (usually the first meeting of the month) include an automatic charge for the Luncheon that follows. If you have signed up for a Mixer but are unable to play, please let the Golf Shop know by calling 367-5912. If you cancel more than 48 hours prior to the event you will not be charged. All cancellations within the 48 hours prior to the event will be assessed the luncheon charge to the member account.

MULTI DAY EVENT RULE:

When signing up for a tournament scheduled over multiple days, such as the Challenge Cup or Club Championships, please understand that you are committing to participating in each day of the event (three, in the case of the Member/Member). By withdrawing prior to the final round or match you endanger the integrity of the tournament and can force your opponents to play an unscheduled match against Par. Any team or player that withdraws from a multi-day tournament midway through the event will be subject to LGA committee review with possible consequences including being unable to participate in the following season's tournament. All instances will be reviewed on a case by case basis. Things such as accidents, illness, injuries and historical participation will be taken into account.

SCORE CARDS

Enter the gross score for each player on each hole. "Adjusted score" is used only for posting handicap. Each two-some in a four-some should keep a score card and check with the other two-some for accuracy before turning in the score.
