

# OCEAN REEF PRESS

Vol. 10, No. 27

May 12-25, 2023

## Navy SEALs Up Close & Personal

The biennial Navy SEALs demonstration educates and inspires.

Pete Shields (center) blends in with the SEALs.

SEALs descend on the Driving Range.

Ocean Reef kids were a part of this year's demo getting a taste of SEAL training.

Paul Ferri gets an up close SEAL experience.

SEALs in training part II.

## Summer Improvements Are Underway

As each of the three Ocean Reef Club Census reports confirmed, 87% of Members would like the Club to maintain facilities in a first-class condition. This highlights the continued importance of our major capital projects, specifically those which extend

the life of existing amenities and provide an enhanced Member experience in the process.

This summer two major projects are underway, the Marina Seawall replacement and the re-grass of the Dolphin Course. Unlike the larger projects of 2020-2021 which spanned 18 months, these are both slated for completion in the Fall. In order to keep Members informed throughout the duration of these summer improvements, the Club will

periodically send out a digital newsletter that will contain new photos, progress news and other announcements. Similar reports will continue to be published in the *Ocean Reef Press* and the Club's website will be regularly updated with photos.

To read more on this summer's projects, see page 3.

Saturday, May 13  
2 to 3:30 p.m. at The Spa  
During the class, create your own bracelet or necklace with natural stones and unique charms  
Registration: 305-367-6506

## MOM'S DAY OUT IN THE FISHING VILLAGE

**Saturday, May 13**

11 a.m. to 2 p.m.

Your favorite Reef shops and vendors will be street side, plus a mimosa bar and giveaways!

# Gotta Question?

## How do I get my mail if I'm leaving The Reef for the summer?

If you want your mail sent to your summer location, please update your mailing address with the Club Membership Department – by calling 305-367-5921 or emailing [membership@oceanreef.com](mailto:membership@oceanreef.com) – and ORCA – by calling 305-367-3067 or emailing [swallace@orcareef.com](mailto:swallace@orcareef.com).

To forward all of the mail you receive at your Reef residence, you can request mail forwarding through the post office (with a form that can be found at PakMail or online). If you have a

mailbox at PakMail or The UPS Store, they can also forward your mail to your summer address. Just call PakMail at 305-367-3096 or The UPS Store at 305-396-7444.

## EDITOR'S NOTE:

If you would like to submit a question, email the *Ocean Reef Press* at [orp@oceanreef.com](mailto:orp@oceanreef.com).

# Dolphin Course Re-Grassing Commences

by Eric Bennett,  
Director of  
Agronomy

Since mid-April, our Golf Course Maintenance Team has been hard at work on the Dolphin Course re-grass – a project that stemmed from years of storm damage creating cross-contamination of the grass on the Dolphin Course and hindering its playing conditions. As our team takes pride in maintaining world-class course conditions for our Members, this re-grassing project is one of utmost importance to us and we know Members will experience the difference come next season.

ORC Golf Course Maintenance Team cuts sod from around the green on Dolphin Hole #6.

In the meantime, the Dolphin Course is officially closed while the re-grassing is underway, and the Hammock Course will alternate having nine holes open at a time to accommodate Members and their guests who want to play this summer. (See page 37 for the course closure schedule).

At this point, if you've been at The Reef over the last month, you've likely noticed the Dolphin Course has turned brown. This is due to the non-selective herbicide applications that were first applied April 17 in order to kill the grass. Our team is now in the

process of removing one inch of turf and thatch, while turf around fairways, roughs, tees, greens and irrigation heads are also being removed.

The project will progress six holes at a time. The first six holes – numbers 1, 2, 6, 15, 17 and 18 – will follow the following process:

- May 15: Begin adding one inch of soil to all areas and start incorporating that soil into our own
  - May 29: Make our final non-selective herbicide application
  - June 2: Apply an herbicide to prevent weeds
  - June 5: Plant sods and sprigs
- The remaining 12 holes will

Frazze mowing of Hole #6.

The view of Hole #2 following sod cutting.

follow the same process at slightly later dates.

When all is said and done, our team is confident the Dolphin Course will be in top condition that Ocean Reef golfers and non-golfers will surely admire.

# Construction Begins on The Marina Seawall

by Jeff Tetrault,  
Ocean Reef  
Dockmaster

Last week marked the beginning of the summer construction project on our Marina seawall. As cited by two independent surveyors, the seawall had exceeded its useful life and replacement was necessary as improvements to it were last made around four decades ago. The project, which entails replacing 1,100 feet of seawall from the Marina Fuel Dock to H Dock, will improve and greatly extend the life of the seawall for use by our Members and their families for

Construction has officially begun on the Marina seawall enhancement project, which will replace 1,100 feet of seawall from the Marina Fuel Dock to H Dock.

many more years to come.

### Current Progress

At present, the D Dock and Fuel Dock have been disabled, and our Dock Office Team has moved to a temporary location in the Marina Fitness Center lobby. Our team will operate in this area for a few weeks so stop by and visit us.

Additionally at this time, if you venture by the Marina, you'll see construction fencing set up in Yachtsman Parking Lot, the adjacent cart parking lot which has become an area for equipment staging, and a

large barge (pictured here) that will play a significant role in the seawall replacement.

### We Have Diesel Fuel

While our Fuel Dock is disabled, our team is happy to be able to provide Members with diesel fuel for purchase at a temporary G Dock facility. If you're looking for diesel fuel services, call us at 305-367-5908 or radio Channel 16 prior to arriving at G Dock. Diesel fuel is available from 8 a.m. to 4 p.m. daily while MarineMax continues to offer gas at their location.

### Looking Into the Future

Completion of the Marina seawall enhancement project is slated for November 2023. In addition to replacing the seawall itself, by the project's end, the height of the seawall will also be increased, the electrical hardware will be replaced, bringing it up to current code, and the landscaping and driveways will be improved. Our team looks forward to providing an enhanced experience for all of our Marina members once we reopen to our full capacity in time for season.

**RULES REMINDER**

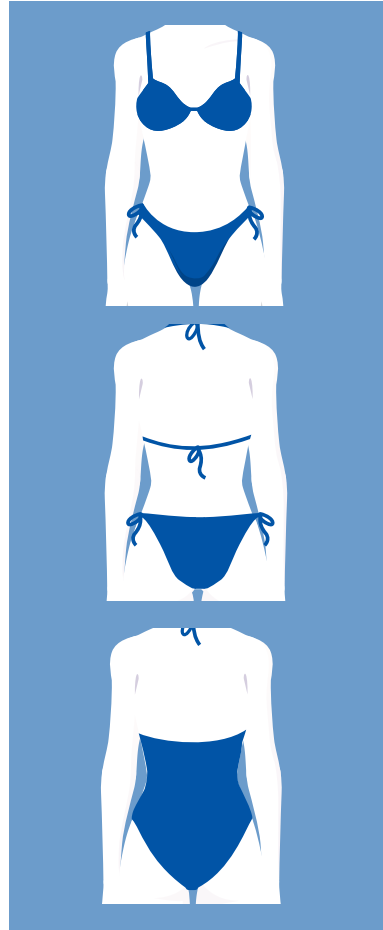

# Buccaneer Island Dress Code Reminder

Our Dress Code is an important tradition at Ocean Reef Club. It is the responsibility of each Member to conform to the Dress Code's requirements, and to ensure that family members and guests do so as well.

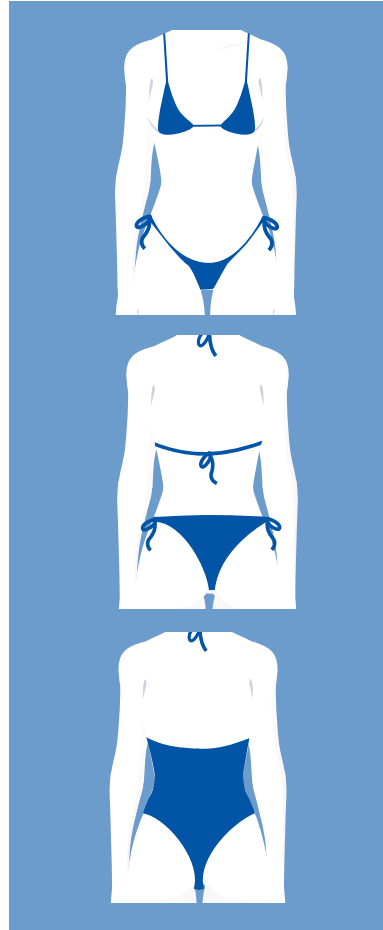

**Buccaneer Island Dress Code**

- Bathing suits that provide full coverage are required
- Athletic-style tank tops permitted for men
- No frayed or cut-off jeans/shorts
- Bathing cover-ups, as well as footwear, must be worn in all areas away from the beach and pools on Buccaneer Island

**ACCEPTABLE**

**NOT ACCEPTABLE**

Scan below for all Ocean Reef Club Dress Code requirements

Thank you for your assistance in maintaining our cultured family environment.

# Mother's DAY WEEKEND

1:00pm • Meet at Pool Desk  
Reservations: 305-367-6516

**ARTS & CRAFTS**

2:00pm • Buccaneer Island

# Women of Influence – Moms!

by Rev. Dr. Bob Henley

Let me be one of the first to wish all moms Happy Mother's Day! I invite you to join us as we celebrate **Mother's Day in the Chapel at Ocean Reef** this Sunday at 10 a.m.

## Origins

I've always assumed the origins of Mother's Day came from the creative minds at one of the greeting card companies! But a search on the web revealed otherwise. The history is fascinating.

During the Civil War, a woman named Ann Jarvis became known as 'Mother' Jarvis. She organized women's brigades throughout the war to do all they could for those fighting, no matter which side they were on. After the war ended, she worked tirelessly to heal the division between her Confederate and Union neighbors.

'Mother' Jarvis taught Sunday School as well. Her daughter Anna listened as her mother taught lessons on the influence of mothers in the Bible. Her teaching included the desire for a memorial in recognition of Mother's Day. Many days celebrated fathers and men, but none for women and mothers. It was an idea her daughter never forgot.

Following her mother's death, Anna began to write letters to prominent leaders, seeking their support in recognizing Mother's Day. Her correspondence reached out to presidents, and importantly to the Philadelphia merchant, John Wannamaker.

Her efforts coalesced on the second Sunday of May 1907. A Mother's Day service was

observed at the Methodist Church in West Virginia where her mother had taught Sunday School. On that same day, 15,000 people turned out at the Wannamaker Auditorium in Philadelphia for a Mother's Day celebration.

The observance soon spread to 45 states, Puerto Rico, Hawaii, Mexico, and Canada. In 1914, President Woodrow Wilson signed a Congressional Resolution, officially establishing the observance of Mother's Day. Thanks to her daughter's efforts, 'Mother' Jarvis' desire had been realized.

## Issue

It seems a bit anachronistic and old-fashioned to write about Mother's Day in a time when some people are reluctant to define or identify womanhood.

I am thankful for an understanding of personhood rooted in the image of the God whose likeness we all bear. It can be a sea-keeper for the soul, giving stability as we endure the peaks and troughs of relentless massive swells of cultural change.

June Cleaver and Harriet Nelson embodied idealized womanhood and motherhood through television shows in the 1950s. This idealization triggered the response of the feminist movement, some elements of which denigrated the importance of motherhood altogether.

We easily forget what life was like for a generation of mothers before life in 'Progressland,' as the General Electric pavilion predicted at the 1964 World's Fair. As a young boy, I remember watching my maternal grandmother in her bonnet, pushing a hand plow, breaking up the sun-hardened soil of the large garden she planted each year.

Over time, experience confirms repeatedly that one of the most powerful shaping influences in the development of a healthy sense of identity in the life of a child comes from the impact of a mother's life and love.

## Final Thoughts

On this Mother's Day, we must keep in mind the reality that some women have never given birth to children. For some of them, Mother's Day can be an acute, painful reminder of an unfulfilled longing.

Some women have courageously rejected the notion that if you don't work outside the home, you can't possibly be fulfilled. Their greatest fulfillment and contribution often comes from their identity as a homemaker and mother.

Other women, like my wife, our daughter, and both daughters-in-law, are women who can manage the challenge of a successful career and being great moms as well.

And we all know moms who are single because of death or divorce. These women face the challenge of sometimes feeling like they don't fit, as they daily face the responsibility of leading a

household, 'flying solo.'

I find myself wishing that someone had kept 'Mother' Jarvis' notes from her study of mothers in the Bible. My hunch is she would have concluded that there is no "one size fits all" model to be found in the Scriptures. There are many common qualities, but no one defined role.

Let me wrap it up this way. If you and I are living and breathing, it's because someone loved us enough to bring us into this world, or to make us a chosen child through adoption. Whichever it is, you call that woman by a title of honor. You call her "Mom."

I'm grateful to "Mother" Jarvis for what she started! Because of her influence and her daughter's determination, we call this Sunday, Mother's Day. It's a day to honor all the women in our lives who nurture their families, their communities, their countries, and the larger world!

# We Mourn the Loss

## Walter Meinhardt

Walter Manning Meinhardt Sr, 88, of Key Largo, formerly from Brandywine, MD, passed away peacefully on Sunday, April 23, 2023, with his loving family by his side.

Walter was born February 20, 1935, in Brandywine, MD, to the late Henry Alvin Meinhardt and Julianna Manning Meinhardt. He is predeceased by his sister, Selma Warden, and brother Henry Alvin Meinhardt Jr. He was also predeceased by his first wife, Dorothy E (Betty) Parker in 1977 with whom he had 5 children.

He is survived by his loving wife, Kay Lund Meinhardt of 43 years. They were married in 1980 after both were

widowed in 1977. In the years that followed they enjoyed a very large, blended family. Between them, there are 9 children, 22 grandchildren, and 32 great grandchildren. He is also survived by his children, Debra Wyvill (Wayne) Naples, Dorothy Crecelius (Dennis) Brandywine, MD, Walter M Meinhardt Jr. (C.C.) Brandywine, MD, Stephen

Meinhardt Sr. Brandywine, MD, Gregory Meinhardt Sr (Rachael) Brandywine, MD, Billy Mooney Newport Beach, CA, Mary Brady (Jeff) Brandywine, MD, Elizabeth Herriott (Randy) Brandywine, MD, and Julianne Snight (Bill) Drayden, MD.

After graduating from Gwynn Park High School, Walter enlisted in the United States Army where he served in Barstow, CA and Germany. After returning home, he worked with his father and brother in the family business, the Brandywine Garage, that served the Brandywine area's automotive needs. The business grew and expanded over the years to become Brandywine Companies of which Walter was President.

Walter was involved in many community organizations and served on multiple business and bank boards during his lifetime.

He loved God, his family, his community and was a good friend and neighbor. He enjoyed tennis, golf, and playing baseball in his younger years. He liked cutting grass, working with his bobcat, investing in real estate, and playing cards. He had the best smile!

In lieu of flowers, memorial contributions can be made in memory of Walter to St. Michaels Catholic Church, 17510 Horsehead Road, Brandywine, MD 20613; Immanuel United Methodist Church, Cemetary Fund 17400 Aquasco Road, Brandywine, MD 20613; or Friends of the Baden Library c/o Cindy Williams 29447 Carrie Lee Lane, Mechanicsville, MD 20659.

Condolences can be made to the family at [www.brinsfieldfuneral.com](http://www.brinsfieldfuneral.com).

NEWS FROM THE MEDICAL CENTER

# Summer Departure Reminders

## Automatic Pharmacy Refills and Delivery

Please contact your Key Largo pharmacy and update the instructions for your automatically refilled prescriptions that are picked up by Public Safety. Once picked up by Public Safety they cannot be returned or refilled by another pharmacy. This could leave you in a dilemma, especially when it's a critically needed medication. The Medical Center can support your off-season prescription needs through electronic communication with your

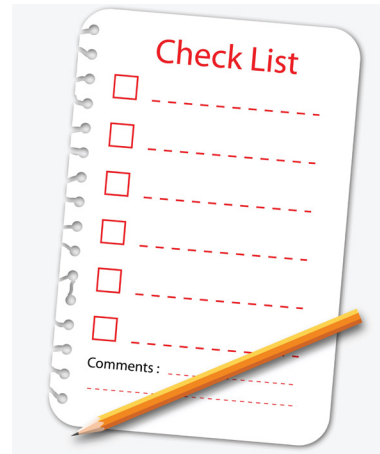

preferred pharmacy.

## Travel Planning

A great feature of mobile phones is the various health options. iPhones come preloaded with a Health app that can store your medical history and medications, which is useful and very important in the event of a health emergency when traveling. It's also prudent to carry a listing of medications and an emergency contact in your handbag or wallet in the event you lose your mobile phone.

## Check for Expired Medications

Review your medication cabinet before leaving for the summer. Solid dose over-the-counter medications such as tablets and capsules appear to be the most stable past their expiration

date. However, medications can and do change in potency depending on heat, light and humidity factors.

It's a good practice to check the expiration dates on all medications and properly dispose of those past their prime. Be kind to the environment and don't flush or pour any type of medication

into drains. The Medical Center can properly dispose of unwanted prescriptions unless they are controlled medications such as opioids or other narcotics. Controlled medications can be taken to Public Safety for proper disposal. Public Safety also has a medication drop-off box for your convenience.

The Medical Center staff wishes you a healthy and happy summer!

Visit us on the web at [www.mcor.org](http://www.mcor.org).

*Your support of the All Charities Weekend strengthens entities, like the Medical Center, that enhance Ocean Reef Club's Unique Way of Life and enables the Ocean Reef Community Foundation to provide for thousands in Key Largo, Homestead and Florida City. Call 305-367-5996 to learn more.*

## VISITING SPECIALIST SCHEDULE

Please bring your identification and insurance cards to each visiting specialist appointment. They bill separately from the Medical Center. To schedule with a visiting dermatologist, please call their office directly. For all other specialists, please call 305-367-6702.

# Hot Topic

by Terry Baxter

Like a friend showing off a flashy German-engineered sports car, Executive Banquet Chef Catalin Munteanu proudly called me to present his newest catering addition – ovens. Not just any ovens, but cutting-edge culinary bad boys. German-engineered of course. Flashy too. Chef Catalin has two shiny new Rational Combi Pro ovens. He explained why they are so special.

"Years ago I worked with the early version of the Combi Ovens when I did banquets for the Ritz Carlton. They were amazing even then, but now they have many more features." He walked me over to two tall, side-by-side units gleaming in the Town Hall kitchen. "They cut labor. The temperature is consistently perfect," he said. Catalin rolled up a six-foot serving cart and pulled back the heat shield. "This cart can hold six plates to a tier. With 14 tiers we can retherm 84 plates at once."

Retherm? "Yes, we assemble a banquet serving, cooking each entree by precisely the right method – grilling, roasting, searing – to 90% of its serving temperature. The same for the side dishes, each cooked as most appropriate. Then we plate the food. We have time to do it carefully with attention to presentation. After a close scrutiny, the plates are loaded into the serving cart." Catalin opens the Combi Pro oven and demonstrates how the entire serving cart rolls inside.

"The oven uses convection heat or steam, or a combination. Each tier of the cart can be programmed individually to reach the serving temperature for the food in that tier. For instance, we could have beef in the top several tiers, salmon in the next few, and chicken in the bottom. All would be perfectly

Executive Banquet Chef Catalin Munteanu shows off the Club's new cutting-edge Rational Combi Pro ovens, which he says will be a "game changer."

finished, simultaneously, in eight minutes." With a flourish, Catalin wipes his hands on a dishtowel. "We pull out the carts, close up the heat shields, and roll a cart to each end of the banquet hall for service. In eight minutes another 168 plates can be in the hands of servers on the other side of the room. Three hundred and forty diners can have their meals warm from the oven in the time we can plate a single cart now." The ovens are even portable so they can be easily repositioned to where they are needed.

My mouth must have been hanging open. Catalin crosses his arms with a satisfied smile. "Yes, it is a game changer. Over my 25 years in kitchens, Ocean Reef is by far the first place to actively accommodate me with the tools to do the job properly. The Board and Management care about the Member experience, which is every chef's dream. We are grateful for what Ocean Reef does to make our jobs easier. Our reward is when a crowd of people enjoys a good experience. I can feel the reaction in the room. Just the

sounds of knives and forks and a contented murmur—that's what puts a smile on my face."

## Summer Plans

The crowds may have thinned, but challenges remain undiminished. Summer is a time for equipment upgrades and service, and recruiting new kitchen staff to cover inevitable departures. I recently sat in on one of Executive Chef Jared Reardon's regular debriefs for his team of chefs. Jared noted several Sous Chef and Chef de Cuisine vacancies. He

encouraged any of the chefs interested to submit their names.

In-depth interviews and intense cooking demos are a well-known part of the process.

Jared congratulated the team for finishing the season strongly. "Nearly every restaurant was in the green," he said, meaning a satisfaction score on the Club survey of 90% or more. "Nearly every outlet improved their score from last year, some dramatically so like the Ocean Room." (Give Chefs Josh, Michael, Ryan, and Kimmi a pat on the back). Jared emphasized the training and education opportunities, and the available chef-to-chef demos on such topics as Charcuterie or Fish Butchery. Jared said, "We have student chefs who have mastered slicing raw fish into immaculate thin Sushi, but have never learned how to break down a whole fish. We need to expand their horizons. This is the time to refresh, train, participate in seminars, and get out in the field to visit farms and other venues to observe and learn."

Jared noted that Chef Michael (Ocean Room) just completed his MBA degree, and Chef Catalin is pursuing the Certified Executive Chef program from the American Culinary Federation. Jared said, "I take pride in each chef's progress. I expect Catalin will earn the certification by the end of the summer – an impressive multi-year achievement."

I am almost embarrassed to merely be "On Vacation" this summer.

## KEYS CHILDREN'S FOUNDATION

# Keys Kids Swim

The Keys Children's Foundation is proud to fund "Keys Kids Swim," an innovative new program that is being held at Jacobs Aquatic Center. Starting with kindergartners from Key Largo School, children are participating in a two-week swim lesson session to prevent drowning. Swim lesson vouchers are being provided for older children for swim lessons. The Florida Keys is designated as an area that is underserved and swim lessons are an important public health concern in our community. KCF thanks the Ocean Reef community for their support.

Kindergartners ready to swim in their special shirts donated by Keys Children's Foundation and additional community providers.

Keys Children's Foundation Board Directors and other community leaders celebrate the beginning of the Keys Kids Swim program at Jacobs Aquatic Center. Pictured left to right are John Allen, Director Parks & Recreation, Dr. James Boilini, Jacobs Pool Board President, Sue Woltanski, School Board, Fred Sherman, KCF Director, Ann Liashek, KCF President, Debbie Hartmann, KCF Director, Michael Conley, KCF Director, and Tana Carson, Program Coordinator.

# Stream On

By Felicia M. Koretsky  
Member since 2010

Our typical trip planning consists of overpacking the night before and standing in the boarding line scrambling for titles to download for on-flight bingeing. Since the adrenaline rush of last-minute preparedness is how we've successfully navigated life so far, we don't see that bad habit changing any time soon. But we will help you planners with various titles to consider for late spring streaming:

**Jury Duty**  
**8-episodes; Amazon Freevee**

Landing somewhere between hilarious and ridiculous, *Jury Duty* follows Ronald Gladden, a construction manager, who thinks he's on a documentary following a court case from a juror's point of view. Everyone -- the judge, the attorneys, the plaintiff, the defendant, and the courthouse security-- are all actors. Gladden is the only one unaware he's being pranked. The well-orchestrated mockumentary was co-created by the team behind *The Office*.

Because it's set in Los Angeles, and actors, too, get called to serve, it's not all that strange to see James Marsden show up in a lot of potential jurors. Lesser-known actors make up a motley crew of supporting cast who join Gladden in the jury box.

California Judge Alan Rosen (Alan Barinholtz) is probably the most convincing, as he's both an improv actor and an actual attorney. But his midwestern accent and oddly-timed calls for extra-long lunch and coffee breaks are just some of the clues that Gladden doesn't quite pick up on.

What makes Gladden the perfect stooge is that he's an everyday nice guy. Rather than be annoyed at the oddball behaviors of his fellow jurors, he embraces them. When Todd Gregory (David Brown) comes to court wearing a pair of pants that doubles as a self-adhered chair he calls "chairs," Gladden chalks it up to being eccentric.

When the case details are presented in the form of video reenactments from each party's point of view, nothing short of amateurish Beavis and Butt-Head-style animation, is when you start to think this absolute wackiness may just be worth sticking around to see.

**Accused**  
**Season 1: 15 episodes on Hulu**

Impatient streamers will enjoy single-show stories revolving around someone who is accused of a crime. You just don't know if they're innocent or guilty until the end of the episode. While you won't get the character development you might get from a multi-episode multi-season show, if you don't like waiting for answers, *Accused* is worth exploring.

What we liked about *Accused*, based on a 2010 British series, is whatever it sometimes lacks in intricate crime telling, it makes up for in its casting of superb and familiar talent. In episode one, *Scott's Story*, a surgeon (Michael Chiklis) suspects his son is going to commit a horrible crime and considers killing his son himself. His wife (Jill Hennessy) prefers to put her head in the sand and not consider her husband's suspicions. In *Jessie's Story*, a teenager (Bebe Wood) is accused of breaking into a sperm bank to find out the identity of her biological father after she discovers her mother (Betsy Brandt) fabricated documents in a failed effort to quench her curiosity. You'll recognize Jessie's partner in crime Will (Skylar Gaertner) as Jonah Byrde from *Ozark*.

And if you're someone who does love over-the-top drama a la *Lifetime*, check out *Danny's*

*Story*, where a beautiful aide (Rachel Bilson) may or may not be after her employer's money.

**Rough Diamonds**  
**8 episodes on Netflix**  
Unless you don't mind the sweet sounds of Flemish, set your tv for English dubbing with an added layer of English subtitle reinforcement. Now get ready to enter a thrill ride into the world of diamond dealing in Antwerp Belgium, the diamond capital of the world.

*Rough Diamonds* peels back the curtain on Antwerp's diamond trading businesses, where most of the city's Jewish population work. The series centers around

the ultra-orthodox Wolfson family, who owns Wolfson Diamonds, a 100-year-old renowned dealer.

Signs of cracking in the fiscal foundation of the family business begin to surface with the suicide of Wolfson's son, Yanki (Vincent Van Sande), who leaves loved ones in serious debt. The sect's strict beliefs weigh on their reaction to the return of another son, Noah Wolfson (Kevin Janssens), who they consider equally dead, as their levels of religious observance do not align. But soon the family will find themselves needing Noah's help at every turn.

This never-ending roller coaster features an unrelenting prosecutor, non-forgiving suppliers, family in fighting, lost love, and a host of scary money-laundering Albanian mobsters - for starters.

The eight-episode series is jam-packed with substories that definitely keep your heart pounding.

# Driving My Golf Cart to Maine

By Mona Brewer  
Member since 2000

I love to drive. I have always loved to drive. Getting from point A to point B is not just about arriving. It is about the journey. In the summer I often drive 3.5 hours from point A to point B. That is another story as to why. I make that drive in the western Maine mountains about 30 times a year. Curvy roads, fast. Usually by myself. Sunroof open. Sometimes no music and sometimes very loud music.

Gary Deveo taught me to drive. He had a 1967 4-speed GTO. What a car. My first car was a 1969 Firebird with a 4-speed HMO and a positive traction rear end. Baby blue. Convertible. I

could burn more rubber in our high school parking lot than anyone. That car helped me win a few nice bets. Thank goodness the principal never found out who did it.

Sold the Firebird and bought a Ford pick-up truck. What was I thinking???? That truck did not last long. Next, a 1973 Triumph TR6. Red, roll bar. I still have that car. She has 112,000 miles. In the past, she had a trailer hitch and the two of us towed a little sailboat up and down the east coast. Crazy.

Since the TR6 there have been several great cars. This story is about the golf cart. I just wanted to offer a little background information.

### From Cars to Golf Carts

Three years ago, on the 4th hole of the golf course, the engine blew up in my very fast, 12-year-old golf cart. I really liked that cart. She

could not be fixed. She also needed wheel bearings and all the other maintenance nightmares that come with an old, very used cart.

I ordered a new golf cart. I went all out if you follow me. She was delivered and it was love at first sight. How can you love a golf cart? Easy. Every time I head to town (AKA, PakMail and Wynn's), I smile. I enjoy her on the golf course. She has lots of storage. She is fun to drive.

### Driving to Maine

One of the best features is the odometer. Recently Mr. Wonderful and I were playing golf with some friends who also have an odometer in their golf cart. They have 10,000 miles on theirs. That is a lot of driving. While we were discussing the mileage on the carts, I realized I could drive to Maine and have a lot of miles to spare. Very

interesting.

Do I have this correct? Three thousand miles at 25 miles per hour. That is 120 hours. I usually drive at 25mph but when I thought about stops at the 4-way and time on the golf course, the hours spent in my cart might be more like 150. That is more than six days! Our friends with 10,000 miles have spent at least 400 hours. That is more than 16 full days.

Back to driving to Maine. The decision has been made. Charging the cart will be a challenge. Finding safe roads with a speed limit of 25 or less. (We must be street legal). I am thinking of weather issues, food, hotels. I am not driving to Maine. What a silly idea.

The moral of the above. All of us at ORC spend a LOT of time in our golf carts. Enjoy the ride!!!! Smile at others.

Put down your cell phone.  
Turn off your laptop.  
Get on the water & make  
Family memories.  
*Life is quick, be the navigator.*

# Willy Wonka Kids!

## Academy Spring Musical

By Jerome Murphy, Head of School

On **Wednesday and Thursday, May 24th and 25th** at 4 p.m., The Academy looks forward to raising the curtain at the Cultural Center to present this year's annual spring musical, *Willy Wonka Kids*. Our children have been rehearsing for months and we are

so excited to recognize their hard work and shine the stage lights on their talents. We recognize the important role both the visual and performing arts play in our students' lives as both disciplines allow children to express their creativity and help develop their independence in the process. We hope you will join us at the Cultural Center on May 24th or May 25th to help us celebrate our Academy children.

For more information, contact The Academy at Ocean Reef at 305-367-2409.

Willy Wonka Kids cast and crew!

# Registration Open for 2024 Vote-by-Mail Ballots

Your Ocean Reef Political Action Committee wanted to share this notice regarding vote-by-mail ballots:

Supervisor of Elections Joyce Griffin is reminding Monroe County voters that they must request vote-by-mail ballots through her office's website or in person at her offices if they wish to receive ballots in the mail for upcoming elections. In prior years, requests for mail-in ballots covered two years of elections. That is no longer the case. The need to re-register for vote-by-mail ballots is due to a change in the law that states, "One request is deemed sufficient to receive a vote-by-mail ballot for all elections through the end of the calendar year of the next regularly scheduled general election."

Griffin's office is now taking vote-by-mail requests for the 2024 election cycle.

For more information, or to register for a mail-in ballot, visit [keyselections.org/voters/vote-by-mail-request](https://keyselections.org/voters/vote-by-mail-request).

# Chefs for a Week

by Jody Steele

The Unique Summer Camp Program offers over 20 different camps for a great variety of interests for children and adults. One popular choice is for aspiring chefs, who have the opportunity to join our outstanding culinary team in the Carysfort Kitchen for a week. Betania Salles, Chef de Cuisine, shared some highlights about these two camps.

**Chef for a Week**, scheduled to start on June 12th is for ages 8-12 from 9am-1pm. Of course, this

Aspiring chefs of any age and proficiency can join Carysfort Kitchen Chef de Cuisine Betania Salles and Team for two weeks of Chef for a Week Camps.

class includes a delectable lunch created by the students. Chef Betania explained how the goal is for the young chefs to learn basic cooking skills while working together as a team in the kitchen. Each day focuses on a different type of cuisine including French, Italian, Asian, and brunch. The future chefs prepare a delicious appetizer,

main course, and a dessert with guidance from Chef Betania and Soux Chef Cameron Kihnel.

**Advanced Chef for a Week**, is planned for July 24th for ages 12-16 and is designed for the more experienced chef. It also includes lunch prepared by the students. The skill development is challenging

and the pace in the kitchen really picks up. Students are placed in working groups of four and compete in a mini "Iron Chef" event where they create an appetizer and main course from a "mystery box". The result is an impressive cooking demonstration and tasting created by students and judged by Ocean Reef chefs.

Both of these camps are a chance for Members' children and grandchildren to experience what it is like to work with outstanding chefs in a professional kitchen. Students develop lifelong skills, learn to cooperate in a busy environment with their peers, and become familiar with different recipes and cuisine.

Registration is available online at [www.oceanreef.com/summercamps](http://www.oceanreef.com/summercamps), Camp Concierge at 305-367-6516, or email at [summercamps@oceanreef.com](mailto:summercamps@oceanreef.com).

# The Mosquito Battle

By Jody Steele

Monroe County is a subtropical paradise where people love to live, but unfortunately mosquitoes feel quite comfortable in our environment, too. We have recently had an enormous influx of the dreaded Black Salt Marsh mosquito. Chad Huff, Florida Keys Mosquito Control District, Public Education/Information Manager, explained that the rain event here and in the Everglades caused a "boom of millions of mosquitoes" that blew in to Ocean Reef with a west wind. He shared that we can all take precautions to help the Mosquito Control District in the battle against these biting pests!

**Watch For These...**

There are about 46 species

of mosquitoes in Monroe County and three of these types are not just a common nuisance at The Reef; they can also cause health issues. The Black Salt Marsh mosquito is a biter that is generally the most bothersome. The Brown Southern House mosquito is active at dusk and dawn. Lastly, the Aedes Aegypti is mostly around people and homes and they breed readily in standing water. None of them are welcomed.

**Our Control System**

The Mosquito Control District utilizes a variety of methods to protect us from these pesky critters. There are a number of techniques in place that help keep our mosquito population down. "Source Reduction" goes after breeding areas with inspectors looking for any standing water in pots, trashcans, or other containers. Chad Huff said that mosquitoes lay hundreds of eggs in one

ounce of water. So, any tiny bit of water can breed these rascals. The inspectors are on the lookout for water sources. "Larval Control" targets immature mosquitoes with an environmentally safe bacterium that is applied by air (helicopter) or ground. This can only be used when weather conditions are appropriate based on data collection and research. Another effective approach is "Adult Surveillance" which is staffed by inspectors that visit count stations daily throughout the Keys along with monitoring a variety of traps for mosquito count.

**How You Can Help**

We all need to take consistent basic steps to help the Mosquito Control District, especially after a huge rain event like we had recently all over South Florida. Checking our yards, pool areas, and docks for standing water is a must. Emptying any plant

saucers or equipment that can collect water can stop mosquitoes from hatching. Notifying any managers or gardeners to be alert for these areas can really help. When you are outside, especially in the early morning or at sunset, it is also advised to wear protective clothing and use insect repellent.

**Most Importantly!**

Call 305-292-7190 or go online at [www.keysmosquito.org](http://www.keysmosquito.org) to do a service request when you do have a mosquito problem. It is really easy to do on your phone and helps the Mosquito Control District schedule their application of bacterium. Their goal is to react within 24 hours, but when a huge rain event and wind occurs, it could take a bit longer. More information regarding spray schedules and even a video is available on the website. Working together we can win the mosquito battle.

## MISSION TRIP TO GUATEMALA AUGUST 9-13, 2023

### IS GOD CALLING YOU?!

Short term mission trips are an excellent way for people of all ages to gain a global perspective and be active participants for change.

One week of your life could change the life of a child in poverty forever!

Learn to listen to the voice of God and find your own faith deepened.

# Proposed for Membership

## Through May 18, 2023

The following individuals are being considered for Ocean Reef Club membership. Direct communication concerning these nominations to Executive Director of Membership, *Islande Dillon*, at 305-367-5921 or *idillon@oceanreef.com*.

### Equity Membership

**Kara & Michael Lech** are Senior Legacy Members applying for Equity membership. Mr. & Mrs. Lech are purchasing 1 Residence Lane, Unit 117 and PH5 from the Residence Club and the equities from the resale list. They are residents of Stonington, Connecticut. They belong to Stonington Harbor Yacht Club and Stonington Country Club. Their sponsors are Brett & Catherine Jefferson, Paul Sullivan and Morris Willner.

**Maria Perez & J. Tim Pruban** are Social Members applying for Equity membership. Mr. Pruban & Ms. Perez are co-purchasing 6 Cinnamon Bark Lane and the equity from Mark Bouldin. They are residents of Park Ridge, Illinois. They belong to Park Ridge Country Club. Their sponsors are Jorge Guarch, Jr. and Russell D'Alba.

**Kelly & Timothy Scannell** are Social Members in waiting applying for Non-Charter dues only membership. Mr. & Mrs. Scannell are co-purchasing 6 Cinnamon Bark from Mark Bouldin. They are residents of Park Ridge, Illinois. They belong to Park Ridge Country Club and Midlothian Country Club. Their sponsors are Jorge Guarch, Jr., and Russell D'Alba.

**Tracie & Michael Marotta** are Social Members in waiting applying for non-Charter dues only membership. Mr. & Mrs. Marotta are co-acquiring 1 Residence Lane, unit 218 from Chip Hillyer. They are residents

of Boonton, New Jersey. They belong to Park Avenue Club. Their sponsors are Gerald Henn, Charles Vail, Jr. & Courtney Chalmers.

**Randall Stuewe & Lola Sara White** are waitlisted Social members applying for Equity membership. Mr. Stuewe and Ms. White are purchasing Unit DS-12 Ocean Reef Marina from Mark Maynard and the equity from the resale list. They are residents of Southlake, Texas and belong to Port Royal Club in Naples, Florida. Their sponsors are Gilbert Moyle and Clifton Thomas.

### Sr. Legacy Membership

**Sara Bringas Cramer & Raul Bailleres Gual** are applying for Sr. Legacy Membership. Mr. Bailleres Gual and Mrs. Bringas Cramer are residents of Mexico City, Mexico. They are members of Club de Golf Chapultepec. Their sponsors are Maria Bailleres and Teresa Holmes on behalf of the Board of Directors.

## LIGHTS OUT DURING PEAK MIGRATION SEASON

Now through May 15

The Tropical Audubon Society asks that from 11 p.m. to sunrise, consider turning off or blocking non-essential lights to protect migratory birds traveling through South Florida. From mid-March to mid-May, spring bird migration is at its peak as millions of birds pass through South Florida to their breeding grounds. Migrating birds generally rest and forage during the day and travel at night, using the stars as navigational guides. Bright lights can sometimes impede their vision, steer them off course, and even cause deadly collisions. Please keep in mind, ORCA requires that all exterior lighting must be off by midnight, but please consider turning it off by 11 p.m.

## ALL CHARITIES BIRDING TOUR

A happy group of birdwatchers following Larry Manfredi, professional birder, during last month's All Charities First Dibs event. The highlight was a very rare sighting of a bell's vireo and several painted buntings. Thirty-six total species were identified. Submitted by Bill Legg.

Jim Wilson, who was also on the birding tour, took these fantastic photos. Above is a female northern cardinal, and from left to right, a male northern cardinal, a blue jay and a red shouldered hawk.

# MEMORIAL DAY MAY 26-29 2023

WEEKEND

## ON SCREEN & STAGE

General Admission \$12, Donors \$10

Children (under 12) \$6

Movie Hotline: 305-367-6306

The Concession is closed, you are welcome to bring your own snacks and beverages.

#### "Air" (R)

Fri., May 12 • 4:30pm & 7:30pm  
Wed., May 17 • 4:30pm & 7:30pm  
Runtime: 1hr 51min

Premise: The movie explores how Nike's basketball shoe division was struggling in 1984 due to low sales, and how the company's Marketing VP Rob Strasser and CEO Phil Knight tasked basketball talent scout Sonny Vaccaro to find a new spokesperson for their shoes. Although they considered third draft pick Michael Jordan off limits due to his preference for Adidas and Converse, Vaccaro convinced them that Jordan was a generational talent, and that Nike should pursue him and try to convince Jordan to sign with Nike.

#### "Somewhere in Queens" (R)

Fri., May 19 • 4:30pm & 7:30pm  
Wed., May 24 • 7:30pm  
Runtime: 1hr 47min

Premise: Leo and Angelo Russo live a simple life in Queens, surrounded by their overbearing Italian-American family. When their son "Sticks" finds success on his high-school basketball team, Leo tears the family apart trying to make it happen.

#### The Met: Live in HD

Don Giovanni by Wolfgang Amadeus Mozart

Sat., May 20 • 12:55pm

Runtime: 3hrs 15mins

Tickets: \$25 at the door

Tony Award-winning director Ivo van Hove makes a debut with a new take on Mozart's tragicomedy, re-setting the familiar tale of deceit and damnation in an abstract architectural landscape and shining a light into the dark corners of the story and its characters. Maestro Nathalie Stutzmann conducting a star-studded cast led by baritone Peter Mattei as a magnetic Don Giovanni, alongside the Leporello of bass-baritone Adam Plachetka. Sopranos Federica Lombardi, Ana María Martínez, and Ying Fang make a superlative trio as Giovanni's conquests—Donna Anna, Donna Elvira, and Zerlina—and tenor Ben Bliss is Don Ottavio.

Your support of the All Charities Weekend strengthens entities, like the Cultural Center, that enhance Ocean Reef Club's Unique Way of Life and enables the Ocean Reef Community Foundation to provide for thousands in Key Largo, Homestead and Florida City. Call 305-367-5996 to learn more.

#### Cultural Center Museum

Daily 9am-4pm • Open During Movies

#### Library Hours

Monday & Thursday • 10am-12pm

## CLUB SHOPPING

### Joan the Shopper

#### Ode to Mother's Day....

Since I haven't made much progress in establishing a "Joan the Shopper Day", I am going to unofficially adopt Mother's Day as *my* holiday. Hey, I'm a mother. I have two wonderful sons – one is visiting me this weekend, while his wife, the mother of their children and my grandchildren, is visiting her mother in North Florida..... I'm very fond of receiving gifts, but I have told my son to hold off and come with me on Saturday, May 13 for some serious shopping at Ocean Reef's interesting and diverse stores..... There are wonderful bargains available during this Mother's Day weekend, so I'm sure he will find one perfect thing for me. And I'll probably find an additional two or three things to remind me of my special day.... You don't have to be a mother to enjoy this opportune shopping spree in the Fishing Village stores, as well as at venues all around The Reef.... Now through Sunday, peruse trendy and classic 14K jewelry from **Lexi Jewelry** in the Burgee Shop, open daily from 9-5. Then on Saturday, May 13 (11 a.m. to 2 p.m.) many of our favorite Fishing Village stores will be celebrating Mother's Day with nice sales, raffles and giveaways.... Not to worry if you miss the fun of the special FV retail highlight on Saturday, the Mother's Day sales will continue in many venues for

a day or two afterward. The **Burgee Shop**, **Gift Shop** and **Golf Shop** are giving discounts on ladies' apparel through Sunday the 14th. The **Tennis Shop** (May 10 – 12) is also having a sale on ladies' clothing. The **Member Fitness** End-of-the-Season sale has select items at a whopping 50% off. And while you are in the building, check out the **Spa**, which is hosting the **MLO Jewelry Trunk Show and Jewelry Making class** (May 13) and the **Zoe's Empire** trunk show (May 12).... NOTE: The photograph that appears here (in case you are wondering) is definitely not me. It's Ann Maria Reeves Jarvis, a social activist during the Civil War era. Her daughter Anna Jarvis came up with the idea of a day to honor her mother and all the other moms, who make sacrifices for their kids.... On May 9, 1914, Woodrow Wilson made Mother Day's official.

by Joan Birsh

MEMBER NEWS

**Top Left & Right:** Members Billy Paynter, Andy and Melissa Fernandez, Benny and Stacy Scott, Keith and Diane Hill, Rob Parker, Bill and Anne Hinkebein and Doug Hynden, are part-owners in Kentucky Derby horse Confidence Game (pictured left). This year's Kentucky Derby took place on May 6th and Confidence Game placed 10th in the 149th "run for the roses". The group is part of a horse racing syndicate, Ocean Reef Racing, and they owned Confidence Game along with Don't Tell My Wife Stables out of Texas.

Ocean Reef Racing, managed by Paynter, has been involved in the horse racing business for 3 years and Confidence Game was the group's first horse in the Kentucky Derby.

The Fernandez family became involved in Ocean Reef Racing as a way to honor their daughter, Luciana "Lucy" Fernandez and to highlight The Lucy Fernandez Foundation in her memory.

Pictured top right is Anne Brainard, Billy Paynter and Catherine Brainard at last weekend's Derby.

**Bottom Left:** Parker Young is excited to announce his engagement to fiancé Mary Claire Maxwell. The two are to wed on June 10, 2023 in Dallas, Texas. The couple loves Ocean Reef and is pictured here in the Clubhouse. Congratulations!

# Doing Good While Having Fun

## 11th Annual Chamber Golf Tournament

by Christina Sarmiento, Executive Director Ocean Reef Chamber of Commerce

The Ocean Reef Chamber of Commerce held its 11th Annual Golf Tournament on April 26th on the Hammock Course, and it was a tremendous success! With 24 teams participating, the event was a fun-filled day of golfing, networking, and friendly competition among Chamber members and Ocean Reef Club Members.

This year's tournament saw

Team ProtechE2, tournament Champions, from left to right: Dhardra Blake, Billy Zoffinger, Ricky Fortis and Jorge Iglesias. This is Fortis' sixth time winning the tournament.

the return of **Ricky Fortis**, who had taken a two-year hiatus after winning 5 years in a row playing for the ProtechE2 team. This year, playing on the Turk Builders-Bacardi Team, Fortis was determined to bring his winning streak back. Along with his teammates Jorge Iglesias, William Zoffinger, and Nicholas Devine, they emerged as the tournament's winners.

The tournament had other winners as well. Skip Felton from Safeway Restoration won the closest to the pin

contest, and William Zoffinger from the Turk Builders-Bacardi team won the Longest Drive contest. Congratulations to all the winners and participants who made the tournament a fun and exciting day.

The Ocean Reef Chamber of Commerce holds this tournament to raise funds for creating scholarships for Chamber member businesses' employees and their dependents. It is heartwarming to see the community come together and support each other

in their educational pursuits.

We couldn't have done this without the support of Ocean Reef Club's Golf Department, Set-up Team, everyone's favorite Rum Runners, and all the other volunteers who came out to support the Chamber on tournament day!

We can't wait for next year's tournament, which promises to be even more exciting and fun-filled. Congratulations to all the participants and winners once again, and we look forward to seeing you next year.

Megan Ronk, Cheryl Owsley, Hope Fortis and Jolie McCormack represent Team FlyExclusive, the tournament premier sponsors.

# SPORTS

INSIDE THIS ISSUE

## Finishing Strong!

by Christine Patton, Rod & Gun Club

The Rod and Gun Club is ending its 2023 season in a strong position and with a feeling that the club is on a roll. **Tom Davidson, Jr.**, Chair, says that there have been significant improvements in the facilities and programs supporting both shooting and fishing this year, as well as actions to the environmental area. The annual Night Out was a big success, honoring **Nelson Sims** for his leadership over the decades. The membership is at an all-time high and participation is growing. To top it off, there have been some remarkable achievements in the fishing arena, promising that there is plenty of action to be had off Ocean Reef shores for anglers of all sorts.

### Card Sound Shooting Range

The shooting range saw a return to its pre-Covid activity levels, then an even greater increase in use. After making upgrades in the facilities, landscaping the areas and refurbishing traps, fresh ammo and targets were flying. One cause for the increased participation was the new instructor, Paulo Montealegre, who helped several members improve their prowess, and another cause was the enthusiastic participation of lady members, who now represent

50% of the attendees. Ladies take note — sporting clays is the new golf! Rod & Gun board member and Range Chairman **Carmen Sferrazza** is not resting on his laurels but is looking for ways to boost interest. Give him any suggestions you might have about friendly competitions or new targets.

### Fish of the Month

In the interest of making all types of fishing a more communal activity, the R & G has organized a number of friendly fishing contests that run throughout the season. The monthly Fish of the Month contests award a \$50 gift certificate to the angler weighing in the biggest specimen of that particular species. Winners this year were **Fred Flippen** and his 37-pound wahoo, **Mike Rich** with a 5.5-pound mutton snapper, and the books are still open as I write for the biggest tuna in April. May thru August, the game continues — see the list at MarineMax or go to the Rod & Gun website, [rodandgun.org](http://rodandgun.org) for all the details.

### New Fishing Tournament Results

A new game for anglers was the Pick Any Three Days fishing tournament, which allowed boats to choose the day and style of fishing that they thought best, and to have the results of three days' fishing so designated as their score. The contest started March 1 and went until April 15 and the results were very impressive! In the Offshore category, with 2,200 points, was Carmen Sferrazza, with a total of 22 sailfish, including his incredible single day of 21 sails at 100 points per sailfish.

In a similarly outstanding style, in the Flats category, **Steve Woodsum** was the

winner. After a slow start with only one tarpon on day one, then three tarpon and two bonefish day two, on day three he had his epic day with 16 tarpon on fly! His three-day total of 6,600 points, all on fly at 300 points per.

Another tournament, not under the auspices of Rod & Gun Club but conducted by the Key Largo Anglers Club, is their annual Flats Tournament. A two-day flats-only tournament, it is the last of the season and timed to catch the tarpon migration as well as warm waters for the bonefish. This year's winner was a familiar name — Steve Woodsum, with guide Jared Raskob — with a remarkable achievement as they swept the awards in winning first

place Fly, and Spin, Top Captain and Top Boat, with not one but TWO Grand Slams (permit on crab, tarpon and bonefish on fly) on EACH of the two days. Hats off to this team and their impressive angling!

### Changing Seasons

So the seasons at Ocean Reef may be changing, but from these results, we can say that the fishing, at least for some, is better than ever. It's time to book your guide for next year, or risk being left out of the fun! Meanwhile, use your summer months to put those shooting and casting skills to use and come back to The Reef ready to participate in Rod & Gun Club activities in 2024.

# ORYC Revels in the Exumas

By Denise Bermant  
Member since 2014

From late April into May, the Ocean Reef Yacht Club made a joyful voyage into the clearest, bluest water in the world! The group's exploration in the Bahamas was made up of five stops to cross the Gulf Stream and lead us into the Exumas Islands chain: Chub Cay, Highbourne Cay, Exumas Land and Sea Park at Warderick Wells, Compass Cay, and Big Major's Spot. We started with perfect weather for the 130-nautical mile crossing of the Gulf Stream and Great Bahamas Bank to reach our first port o'call (while everyone reawakened their sea-legs!) The cruise was planned with evening gatherings every day: docktails hosted by one of our member boats to celebrate each day of making passage (many thanks to the **Wierdas** aboard **Steadfast**, **Bermants** aboard **Blue Pearl**, **Peretz** family aboard **Escapist**, and **Zeiglers** aboard **Ziggy**) and then organized dinners on the second day in each port to provide a chance to congregate and compare notes on our various adventures. Many of the mornings were spent with **Joannie Rich**, **Kelly French**, and **Bonny Gothier** leading group exercise, yoga and meditation.

The tally swelled with member boats that had arrived earlier so that at Highbourne Cay, our flotilla included 20 boats and 80 people! There, member **Jim**

Steadfast (Murray and Anne Marie Peretz), Ziggy (Harold and Bonnie Zeigler) and Blue Pearl (Don and Denise Bermant) at anchor in Big Majors, Bahamas.

ORYC members gather at Horseshoe Beach on Highbourne Cay in preparation for Jim and Janice Loomis' duck dinner.

ORYC Members Art (Buff) Berry, Benny Scott, Joe Urbinati and Staci Barkalow pet nurse sharks at the marina at Compass Cay.

**Loomis** donated duck for all of us which he grilled on the beach while we watched the sun set over bright clear Horseshoe Bay.

With our boats moored or anchored in the exquisite waters of Exuma Land and Sea Park, **J Guarch** led us on a hike to the top of BooBoo Hill where, in keeping with local tradition, we each left a memento with our boat name to ask the spirits of the shipwrecked for safe passage.

At Compass Cay everyone was thoroughly entertained by the docile nurse sharks who flop up onto a platform to be petted! Murray and Anne Marie Peretz led a vigorous hike along the Atlantic shoreline to a lagoon known as Rachel's Bubble Bath, while others went the easy way by dinghy. On the evening of April 30, we had a fabulous potluck dinner. As this was the final day of Commodore Don Bermant's service to the Yacht Club, Past Commodores **Henry Stout** and **Chris Streit** surprised him with the presentation of his own Past Commodore cap and flag.

The final destination of the cruise itinerary was the spacious anchorage at Big Major's Spot. Home to the original population

Bonnie Zeigler makes an offering to King Neptune atop Boo Boo Hill on Warderick Wells in the Exuma, Bahamas.

of swimming pigs, and close to the town of Staniel Cay, it is always a favorite stop for mariners. From here our intrepid

ORYC Members participate in an exercise class led by Joannie Rich, Kelly French and Bonny Gothier.

mariners parted company and set off to continue their adventures in other parts of the Bahamas and the larger world beyond.

# CSMYC Season Ends with a Cancellation

by Windsor D. Coffin, CSMYC Commodore

Two of the regular racers on the Pond - Photo Credit - Windsor Coffin

Sunday, April 30 marked the final racing day of the Card Sound Model Yacht Club for

the 2022-2023 season. However, we finished the season with the only canceled racing day in 2023. Wind velocities in the '20s and

gusts in the '30s will do that. Throw in a tornado watch, and you have the exclamation point at the end of "no racing!"

Overall, we had a fantastic season of racing on the Pond. New enthusiastic sailors, a significant improvement from some of our regulars, and continued tough competition at the top of the scoresheets were all stories of the season. Looking to next season, I fully expect these trends will continue as we hope more people discover the fun that is model yachting at Ocean Reef. Another season of fun on the

Pond begins in December.

While the Card Sound Model Yacht Club is on break until later in the year, please feel free to contact me if you have any questions about our club or our East Coast 12 Meter model yachts as you begin to think about next season. You can contact me, **Windsor Coffin**, at [csmyc12@gmail.com](mailto:csmyc12@gmail.com).

On behalf of the officers and members of the CSMYC, we wish all Ocean Reef Press readers a happy healthy summer as we are looking forward to next season at Ocean Reef.

## A Guide to Navigating the Rules of the Road

*\*Based on the Navigation Rules International – Inland (Commandant Instruction M16672.2D, 1999)*

Submitted by Robert Broton, Flotilla Commander, U.S. Coast Guard Auxiliary-Ocean Reef

### Definitions (From Rule 3)

- **Vessel Engaged in Fishing** – Any vessel fishing with nets, lines, trawls or other fishing apparatus that restricts maneuverability, and excluding vessels fishing with trolling lines or other fishing apparatus that does not restrict maneuverability
- **Vessel Not Under Command** – A vessel unable to keep out of the way of other vessels because an exceptional circumstance is

- hindering its maneuverability (steering failure, engine breakdown, etc.)
- **Vessel Restricted In Its Ability To Maneuver** – A vessel unable to keep out of the way of other vessels because the nature of its work is hindering its ability to maneuver (buoy tender picking up a buoy, vessel transferring persons, provisions or cargo while underway, etc.)
- **Underway** – A vessel not at anchor, aground or made fast to the shore
- **Give-Way Vessel** – A vessel that must change course or speed to avoid a collision with a stand-on vessel
- **Stand-On Vessel** – A vessel that must maintain course and speed except to avoid collision with another vessel

### Lookout (From Rule 5)

- Every vessel shall at all times maintain a proper lookout.

### Safe Speed (From Rule 6)

- All vessels must proceed at a safe speed at all times
- You must go slow enough to prevent a collision no matter what the conditions.

### Determining Risk of Collision (From Rule 7)

- Every vessel must use all available means appropriate, including lookout (eyes and ears), radar and radio, to determine if a risk of collision exists.
- Steady bearing and decreasing range indicate a risk of collision.

### Action to Avoid Collision (From Rule 8)

- Action to avoid collision should be taken well in advance of any potential meeting. Any course or speed change should be great enough to be obvious to any approaching vessel. Avoid a succession of small alterations of course.

### Narrow Channels (From Rule 9)

- A vessel engaged in fishing shall not impede the passage of any vessel navigating in a narrow channel or fairway.

### Traffic Separation Schemes (From Rule 10)

- A vessel engaged in fishing shall not impede the passage of any vessel following a traffic lane.

### Overtaking Another Vessel (From Rules 13 and 17)

- A vessel that is being overtaken shall keep its course and speed.

### Responsibilities Between Vessels (From Rules 13, 18)

- To determine which vessel must give-way in an approach situation, it is essential to know the hierarchy established by the Rules:
- **1st** – Vessel not under command or vessel restricted in its ability to maneuver
- **3rd** – Any vessel being overtaken
- **4th** – Vessel engaged in fishing
- **5th** – Vessel under sail
- **6th** – Power-driven vessel

### Meeting Another Vessel Head-On (From Rules 14)

- When two power-driven vessels meet on reciprocal (head-on) or nearly reciprocal courses so as to involve the risk of collision, both shall alter course to starboard so that they pass port-to-port (except as provided by Rules 9, 10 and 18)

### Crossing Situation (From Rules 15 and 17)

- When two power-driven vessels are crossing so as to involve the risk of collision, the vessel which has the other on her own starboard side shall keep out of the way and avoid crossing ahead of the other vessel.

### Action by the Give-Way Vessel (From Rule 16)

- Every vessel in sight of another and required to give way to another vessel shall, so far as possible, take early and substantial action to give way.

### Action By The Stand-On Vessel (From Rule 17)

- When one of two vessels is required to give way, the other vessel (the stand-on vessel) shall maintain its course and speed.

# Highlights from a Fantastic Season

"Center Court" by Justin Romero, Director of Racquet Sports

Where did the time go this season? Am I the only one that thinks it flew by like a white ibis across The Point on a beautiful Sunday morning?! As I look back at some of the highlights this season across Tennis, Pickleball, and Croquet, I would be remiss if I did not thank all of our Committee Members for their support. A special thanks to Tennis Committee Chairman **Wally Hayward**, Pickleball Committee Chairman **Fred Sherman**, and Croquet Committee Chairman **Bill Hinkebein**.

U-40 Croquet and Cocktails was a popular new croquet event added to the schedule.

This past season, we enjoyed facility improvements, such as LED lights on tennis and pickleball courts to improve night and early morning play, and three additional pickleball courts with a viewing area. We also added a weekly Croquet Pro to give us lessons every Saturday and referee all of our Club Championship tournaments. And our Pickleball Touring Pro Jay Devilliers who came to ORC monthly to give lessons and clinics, getting to know our Members and hosting one of our greatest Pro-Ams to date. Another highlight event of the

This season, everyone's favorite 105 tennis game became a fun and friendly tournament.

season has to be our XGLOsive event where tennis and pickleball courts were turned into a nightclub-like atmosphere and you all got to participate in that one-of-a-kind experience. A few more things to note were the monthly 105 Tournaments, Equity Member Unlimited Clinic Package, U-40 Croquet and Cocktails, and Advanced Pickleball Organized Play. Also, congratulations to all of our Club Champions throughout this season. Your name will go down in ORC history!

Looking forward to this summer, the momentum will keep rolling. We have added new summer camps for both kids and adults such as Adult TPC (Tennis, Pickleball, Croquet) Camp, Kids Croquet and Pickleball Camp, Tournament Tough Kids Camp, and our forever favorite Quickstart Tennis Camp teaching kids to learn, appreciate, and have a good time while learning tennis.

**Our summer schedule is as follows:**

- **Cardio Tennis Clinic**  
Daily 9-10 a.m.  
Saturday & Sunday 8-9 a.m.
- **Gameio Tennis Clinic**

The XGLOsive event turned the pickleball courts into a nightclub!

## TENNIS RESULTS

# Tennis

## Player of the Week

Bob Baer

**When did you start playing tennis and why?**

I started playing in April 2022 because my girlfriend was relentless at having me playing tennis or at least trying it. I ended up loving it.

**What keeps you playing?**

The physical and social elements.

**What are your highlights of this season?**

Every time I play is a highlight. Also, the ORC tennis staff is the highlight. Cardio and Gameio clinics got me hooked up on the sport.

**What is your favorite ORC activity besides tennis?**

Golf

**What is your favorite tennis shot?**

The one that goes in.

**Favorite tennis player?**

Carlos Alcaraz

### BRIDGE TIP

## Cuebids: (Slang Qbid)

by Gregg Van Dyke, Director of Card & Games

A cuebid is the bid of a suit that is very unlikely to be trump, either because it has been bid by the opponents or because your side has already agreed on trump. There are three types of cuebids:

**Cuebids That Promise:**

These usually show first (or sometimes second) round control of the suit bid (i.e. the ace or void for first round control and the king or singleton for second round

control).

(1S P 3S P 4C) shows first round control of clubs.

(1S P 3S P 4C P 5C) shows second round control of clubs but denies first round control in either hearts or diamonds.

**Cuebids That Ask:**

Usually looking for a stopper for no trump (1D 2S 3S) or for help in a suit in game.

Try (1S P 2S P 3C,) looking for club help.

**General Force:**

Usually showing a limit raise or better (1S 2D 3D) or (1D 1S 1NT 2D), which shows limit raise or better in spades.

For more tips like these, schedule a lesson with Bridge Director Gregg Van Dyke by calling the Card & Games Room at 305-367-6609, or attend one of his weekly lessons.

# Lessons From My Mother

“Fitness Focus” by Luis Bracamonte, Director of Fitness & Wellness

I am fortunate to have a great relationship with my mom. Although she lives miles away in Peru, we speak on the phone almost every day even if it is for a few short minutes. I consider her instrumental in my swimming career success, which included Peruvian national championships and a full athletic scholarship to the University of Illinois-Chicago, and she was a powerful character developer during my child, teenage, and adult stages. During Mother’s Day weekend, I like to honor all mothers by sharing five lessons I learned from mine:

**1. Measure success through daily effort and consistency.** Growing up, missing a swim practice or skipping school was unthinkable. Self

Patti Imbesi, 2023 Member Fitness Swimmer of the Season.

improvement and competition were daily expectations.

**2. If the goal is reached, celebrate, set the next one, and get back to training.** If it is not, learn, reset, and get back to training. Neither my mom nor dad ever gave me a hard time for losing races but they did get upset if I took it easy in workouts.

**3. Quitting because something is hard is not an option in the quest for growth and fulfillment.** As a teenager, I once decided to skip swim practice because

Casey Culp lead a special boot camp workout for Members with the Navy SEALs.

I had a sinus infection a few weeks back and felt that the headaches were returning. My mom came home and took me to practice as I complained all the way to the pool. She knew that I was ready to quit the sport and was looking for an excuse. I did not quit that day and I do not quit hard things now.

**4. The greatest joy in life is not what we can do for ourselves but what we can do for others.** You can only teach this or understand it by doing it.

**5. The best way to learn**

**and to live is through experience.** Do as much as you can, live as much as you can live. Take that trip, conquer a fear, embark on a new adventure. Live by doing.

Make the most of your summer months by pushing yourself to continue growing physically, intellectually, emotionally and socially using all wellness tools and practices at your disposal.

To inquire about personal training, yoga, Pilates, Sound Bath Therapy, Medical Fitness, breathwork, Reiki and more, contact the Member Fitness Center at 305-367-5820.

# Yoga, A Community for All

By Moorey-Margaret Myers, Medical Fitness Specialist & E RYT-500 Yoga Instructor

On Thursday, May 4th I had the pleasure of guiding a Vinyasa Beach Yoga with Sound Healing and Aromatherapy to a lovely group of ladies celebrating their soul sisterhood and the upcoming nuptials of **Lauren Berry** hosted by **Kristen Farmer**. Halfway through the practice, **Marita Sladky** strolled by and as we greeted

Last week, Member Fitness Trainer Moorey-Margaret Myers taught a Vinyasa Beach Yoga Class with Sound Healing and Aromatherapy to a group of ladies celebrating Lauren Berry's upcoming wedding.

her she said “Well this looks wonderful!” Lauren invited her to join the group. The ladies shared energy, love stories and a memory that will last a lifetime.

Yoga can be a beautiful practice shared by people of all ages. It can be breathwork (pranayama), meditation, gentle, therapeutic, or even a great physical workout

(asana). Call the Fitness Center today to sign up for one of our many yoga offerings or to book a private session tailored to your needs and requests.

# Swinging Into Summer

“From the Gold Tees” by Michael Leone, Director of Golf

## Mother’s Day Sale

What better way to gift the heart of the family than new ORC gear from the Golf Shop?! Stop by the Golf Shop **Friday, May 12th through Sunday, May 14th** for our Mother’s Day Sale. All ladies apparel will be 30% off. The Shop is full of great Mother’s Day presents and the staff would be happy to wrap these gifts for you. Come check out the new lines including Fairway & Green, Lucky in Love, RLX, IBKUL and more!

## Memorial Day Tournament

The summer holiday

tournament season kicks off at the end of this month with our annual Memorial Day Tournament! This will take place on **Monday, May 29th** on the Hammock Course. This event features an exciting format of red, white and blue. Each player will play 6 holes from the red tees, 6 holes from the white tees and 6 holes from the blue tees in a 1 Best Ball of the Foursome format.

The Memorial Day Tournament will be tee times. Please call the Golf Shop at 305-367-5912 to register.

## Driving Range Maintenance

During the summer season, the Driving Range will be opened from 7:30 a.m. to 7 p.m. daily, excluding Tuesdays. The Driving Range will be closed on Tuesdays from 12 to 4 p.m.

## Course Closure Schedule

As you’re likely aware, in addition to the regular

golf course maintenance being done this summer to the Hammock Course, the Dolphin Course is closed for the duration of the summer for re-grassing (read more on page 3). To accommodate golfers this summer, the Hammock Course will alternate opening and closing nine holes at a time so players can always play a 9-hole round or 18 holes by completing the nine holes twice. The closure schedule is as follows:

## Hammock Course Maintenance 18 Holes Open:

Now until June 6th

## Back 9 Closed:

June 7th – June 30th  
August 7th – September 3rd

## Front 9 Closed:

July 10th – August 3rd  
September 4th – October 1st

## ALL 18 Holes Open:

July 1st – 9th

## MEMORIAL DAY GOLF TOURNAMENT

### Monday, May 29

Hammock Course

**Format:** Each player will pick six holes in which they will play from the Red tees, six from the White tees, and six from the Blue tees.

**Scoring:** 1 Best Ball of the Foursome. Each player will play their own ball throughout the entire round. The best Net score on each hole will be recorded for the team.

**Handicap:** All men will receive 75% of their white tee handicap. All ladies will receive 100% of their green tee handicap.

**Tees:** Mixed.

**Entry:** \$15 per player. Sign up by calling the Golf Shop at 305-367-5912.
